Beautifully maintained, thoughtfully appointed, and ideally situated on over 17.5 acres, this classic equine estate is an enviable offering. From its North Elkhorn Creek frontage to its dramatic, private approach at the end of a dead-end road, the farm proves an idyllic setting for both horse & rider in the heart of Central Kentucky.

The Residence

Anchoring it is a stately residence custom-built by respected Georgetown contractor Charles Arthur. Generously sized, the home includes 5 bedrooms and 6 baths (4 full, 2 half). It's well-appointed with fine woodworking throughout and decorated in a warm Bluegrass style. From the inviting library with its own fireplace and barrel ceiling to the columned dining room, the residence offers a blend of formal and casual spaces perfect for entertaining. Soaring ceilings and hardwoods contribute to the elegant environment. The first floor offers a desirable ground-level primary suite with sitting room, as well as a welcoming guest suite. The expansive kitchen includes a sitting area with a fireplace and opens to a large, covered patio with an outdoor kitchen.

Equine Amenities

A picture-perfect four stall barn boasts a wash rack, loft, and an enclosed feed/tack room. Lucas stall fronts feature on both interior and exterior doors. Five paddocks and one field offer ample opportunities for turnout, designed foremost with the safety of the horse in mind. A dry lot, outdoor sand mix arena (60' x 80'), and adjoining grass arena add further equine utility. The three-bay equipment building provides generous storage.

Grounds & Physical Plant

Lying within a gated one-road community, visitors are greeted by a lovely tree-lined drive. An irrigation system also nurtures the mature landscaping. Perfect for entertaining, the grounds offer a playground, basketball court, and bocce ball court. The three-car garage wisely includes a half bath. The property also benefits from high-speed fiber optic internet service. Centrally located, it's less than 10 miles from the Kentucky Horse Park, 5.5 miles to the interstate, and 9 miles to an equine hospital.

All of the information contained herein is deemed reliable but is not warranted; all figures, facts and boundaries are believed to be accurate but independent verification is strongly advised. Square footage measurements & school district information is believed to be accurate but independent verification is strongly advised. The listing broker or broker associates recommend interested parties, prior to closing, perform a complete property inspection (including but not limited to environmental assessments and percolation tests as may be necessary for BUYER'S intended use of the property) have the land surveyed by a licensed surveyor, the title searched and inspected by an attorney and any and all legal questions or concerns directed to legal counsel. The broker or broker associates will not advise on matters outside the scope of their real estate license.

Description

Farmland classification identifies map units as prime farmland, farmland of statewide importance, farmland of local importance, or unique farmland. It identifies the location and extent of the soils that are best suited to food, feed, fiber, forage, and oilseed crops. NRCS policy and procedures on prime and unique farmlands are published in the "Federal Register," Vol. 43, No. 21, January 31, 1978.

PURPOSE OF DISCLOSURE FORM: Completion of this form shall satisfy the requirements of KRS 324.360 that mandates the "seller's disclosure of conditions" relevant to the listed property. This disclosure is based on the Seller's knowledge of the property's condition and the improvements thereon, however that knowledge was gained. This disclosure form shall not be a warranty by the Seller or real estate agent and shall not be used as a substitute for an inspection or warranty that the purchaser may wish to obtain. This form is a statement of the conditions and other information about the property known by the Seller. Unless otherwise advised, the Seller does not possess any expertise in construction, architecture, engineering, or any other specific areas related to the construction or condition of the property or the improvements on it. Unless otherwise advised, the Seller has not conducted any inspection of generally inaccessible areas such as the foundation or roof. The Buyer is encouraged to obtain his or her own professional inspections of this property.

INSTRUCTIONS TO THE SELLER(S): (1) Answer every question truthfully. (2) Report all known conditions affecting the property, regardless of how you know about them or when you learned. (3) Attach additional pages, if necessary, with your signature and the date and time of signing. (4) Complete this form yourself or sign the authorization at the end of this form to authorize the real estate agent to complete this form on your behalf in accordance with KRS 324.360(9). (5) If an item does not apply to your property, mark "not applicable." (6) If you truthfully do not know the answer to a question, mark "unknown." (7) If you learn any fact prior to closing that changes one or more of your answers to this form after you have completed and submitted it, immediately notify your agent or any potential buyer of the change in writing.

SELLER'S DISCLOSURE: As Seller(s), I / we disclose the following information regarding the property. This information is true and accurate to the best of my / our knowledge as of the date signed. Seller(s) authorize(s) the real estate agent to provide a copy of this statement to any person or entity in connection with actual or anticipated sale of the property or as otherwise provided by law. The following information is not the representation of the real estate agent.

Answer all questions to the BEST OF YOUR KNOWLEDGE. Attach additional sheets as necessary.

Do you know anything else about the property that that should be disclosed to the Buyer?

☐ ☐ ☒ ☐

If yes, please provide details in the space provided, below. Attach additional sheets, as necessary.

There is an underground propane tank just northwest of the home. The access hatch is clearly visible. Outdoor lighting boxes are installed and ready for connection. When we purchased the home, the existing setup was not fully functional, and we dismantled the front as we saw no need. The tile walkway in the back of the home was improperly laid on a stone surface, and several tiles have broken away from the stone surface.

13. If the answer was "yes" to any of the above questions, please explain.			

Propane tank underground just northwest of home. Access clearly visible. The roof was damaged in a hailstorm in early 2023 and was subsequently fully replaced. A leak and missing shingles were the result of the storm. A second-floor bedroom window had a leaking seam and was repaired by Pella in 2023. The front outdoor lighting was removed as it was not fully functional.
