### Project Description

**Title:** Solid Waste Facility Permit Revision and Joint Technical Document Amendment for the San Timoteo Sanitary Landfill (SCH# 2018091031)

**Project Location:** The project is located at 31 Refuse Road, in the City of Redlands, San Bernardino County.

**Project Description:** The intermittent temporary diversion of up to 1,000 tons per day of refuse from the Mid-Valley Sanitary Landfill (MVSL) to the San Timoteo Sanitary Landfill (STSL) for a maximum of 15 days per year. The diversion of refuse would be in response to windy days that force the temporary cessation of operations at MVSL. Proposed revised final grading plans and revised base grades in future lined areas resulting in an increase in refuse airspace at the landfill. The revision to the existing Solid Waste Facility Permit and an Amendment to the Joint Technical Document for STSL would be required to allow the increased daily tonnage and for the revised grading plans and associated increase in refuse airspace which would increase landfill life from March 2039 to December 2039.
