

# Surgical Insights: Sports Medicine Knee Surgery

## Course Director

Miho J. Tanaka, MD, is the Director of the Women's Sports Medicine Program at Massachusetts General Hospital and is a faculty member at Harvard Medical School. Dr. Tanaka's primary research focus is biomechanics, imaging, and anatomy of the patellofemoral joint as it relates to patellar instability. She was awarded the Patellofemoral Surgical Anatomy Excellence Award by the Patellofemoral Foundation and the Arthroscopy Association of North America in 2014 and was the recipient of the 2017 and 2019 grant awards from the Arthroscopy Association of North America. Dr. Tanaka has served as a team physician for multiple professional, semiprofessional, and collegiate sports teams and has an interest in promoting injury prevention education among athletes. She was awarded the Community Partnership Grant by the Eileen Fisher Foundation in 2015 and 2016 for organizing injury prevention education programs in local girls' schools and

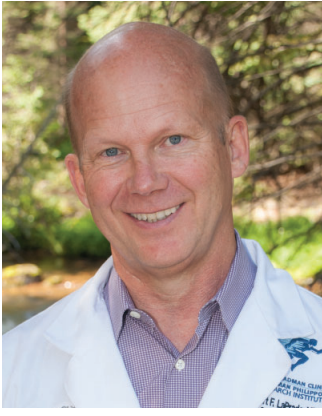

Miho Jean Tanaka, MD  
Boston, MA

has served as a physician member on the advisory board for Under Armour's Connected Fitness Programs. Dr. Tanaka currently serves as the Chair of the American Academy of Orthopaedic Surgeons Video and Multimedia Committee for the Orthopaedic Video Theater and is a contributor to the American Academy of Orthopaedic Surgeons Sports Medicine Content Committee. She serves on the Electronic Media Editorial Board of the American Journal of Sports Medicine, the Editorial Board of the Arthroscopy Journal, and the Associate Continuing Medication Education Editor Panel of the Journal of Bone and Joint Surgery. She was an American Orthopaedic Society for Sports Medicine Traveling Fellow to Asia in 2017, an American Academy of Orthopaedic Surgeons Leadership Fellow in 2017 and 2018, and was inducted into the American Orthopaedic Association in 2018.
