Seven Hills' Home Days July 21-23

by Tony Biasiotta

I cordially invite all of you to the Seven Hills Home Days! The three-day event which will span from July 21st to the 23rd at the Seven Hills municipal complex, is back this year and will be better than ever! You will be able to find everything from food and carnival rides to fireworks and nonstop music. Something to do for the whole family.

Music is the part of the spotlight at Home Days, there will be a variety of perform-

ers covering all genres over the course of the weekend. Leading off at 8 pm on Friday night will be crowd favorite One Night With You: Elvis. Friday will also feature Boaterhead and their smooth rock in the Beer Tent. On Saturday, the Beer Tent will feature country band Bronx Country. The main stage on Saturday will present The Shout Band who brings all popular music from all eras at 8 pm. On Sunday, closing out the event will be Ace Molar

rocking in the Beer Tent at 5 pm, while the Brian Papesh Party Band will be bringing their mix of party music to the Main Stage at 5:30 pm.

The music, however, isn't the only show entertaining the crowds this weekend, as there will be fireworks Friday brought to you by Cox Communications and Saturday (grand finale) sponsored by Legacy Health Services. Both shows start at 10 pm. You can also catch the Safety Fair at the Seven Hills Recreation Center on Saturday afternoon at 1 pm. The Safety Fair will feature everything involving Police and SWAT vehicles to Fire trucks and a Life Flight Helicopter, where visitors can interact with officials and equipment.

There will be no shortage on food and drinks with a wide selection of different vendors, including Swine Barbeque, Sue's Perogies, and The Original Greek Gyro's. Classic carnival food such as elephant ears and funnel cakes will also be available through Buckeye Concessions.

The Kidz Zone, sponsored by St. Columbkille school, will have a full schedule throughout the weekend. Join us Saturday at 3 while we celebrate children's movies with opera singer Julie Anna Gulenko and accompanied by movie princesses, with a meet and great to follow. You can also take part in like the mysterious tricks of Magic Mike, the foam party with Dr. UR Awesome, and animal encounters with Nora the Explorer, as well as crafts and activities.

Sunday is community day at Home Days where we have our residents showing off their talents. We will have activities such as BINGO, the Adorable Baby Contest, the Seven Hills Hall of Fame ceremony, a Cornhole tournament, resident musicians, and a community raffle drawing at 4 pm. With something to do for everyone, this is setting up to be a great Home Days. We cannot wait to see everyone there! For a full schedule of events, please visit www.sevenhillsohio.org.

GM Parma Stamping Reinforces Commitment To Parma Community Through Non-Profit Grant Program

by Kevin Nadrowski

General Motors recently completed the national grant distribution of its 2023 Community Impact Grants (CIG) Program to its recipients – totaling \$3 million in grants to 157 nonprofits across its U.S. manufacturing communities.

In Parma, Ohio, this meant \$75,000 in grants to four nonprofits.

The CIG program is one example of how General Motors supports growth in local communities. Through this program, local manufacturing facilities collaborate with GM's corporate giving arm to identify nonprofits helping address local issues facing their community.

COMMUNITY NEWS

The Representative's Corner

by Sean Brennan, State Representative, Ohio's 14th District

I have had many folks asking me lately about Issue 1 which will appear on the August 8 Special Election ballot. As I mentioned last month, I voted against placing this undemocratic issue on the ballot at a cost of \$20 million to hard working Ohio taxpayers. I am joined by an overwhelming number of bipartisan leaders from around the state who will be voting “NO” on Issue 1 on August 8.

Currently, it takes a majority (50% + 1) vote of the voters to change our state constitution. It has been this way for over 100 years and gives Ohio voters a voice when their state government does not listen to them. There are essentially two methods to place an amendment on the ballot. First, the Ohio General Assembly can vote to do so. The other method is known as resident initiative. In that case, supporters of an amendment need to collect over 400,000 signatures from 44 of Ohio's 88 counties. This is very difficult to do, which is why it does not happen very often.

Issue 1, which was placed on the ballot by a partisan vote of the Ohio General Assembly, will destroy majority voter rule in Ohio. For instance, if it passes, in order to get an amendment issue on the ballot, signatures equaling 5% of those who voted in the last election for governor in all of Ohio's 88 counties would have to be gathered. Folks, this would be a nearly impossible task. In fact, counties with small populations, such as Vinton County with only around 15,000 residents (many

are Amish who do not vote), could prevent a very popular issue from making it to the ballot for voter approval.

Further, Issue 1, would require 60% voter approval for amendments. What that means is that 40% of Ohioans would now have more power than the majority when approving amendments. In other words, if you vote for Issue 1, you are voting to make your vote worth less. Do not be fooled by the misleading ballot language.

Four former Ohio Governors (Republicans John Kasich and Bob Taft and Democrats Ted Strickland and Dick Celeste), five former Ohio Attorney Generals (Republicans Jim Petro and Betty Montgomery and Democrats Richard Cordray, Lee Fisher, and Nancy Rogers), and a multitude of state organizations from throughout the political spectrum say no to allowing minority rule in Ohio.

cial elections were virtually outlawed just back in December by the General Assembly as a waste of taxpayer dollars and the fact that few people vote in them by many of the same folks who voted to place this issue on the ballot this August.

Further, allowing the people to vote to change our state constitution has resulted in positive changes in our state. For instance, the people voted to eliminate taxes on food, adopt a minimum wage, create legislative term limits, officially recognize women's right to vote, allow non-white people and women to serve in the National Guard, and approve the job creating Third Frontier Program and environmentally friendly Clean Ohio Fund, among other good measures.

In closing, I urge you to vote “NO” on August 8 to protect the concept of “one person, one vote” in Ohio. It is truly an honor to be your voice at the Ohio Statehouse. Happy Independence Day!

Seven Hills Farmers Market, Nine Years Of Local Deliciousness!

by Kathy Holland

The Seven Hills Farmers Market (SHFM) opens Thursday, July 6, 4:00-7:00 PM and continues every Thursday through September 28, 2023. This open-air, producers only market selling directly to consumers, features delicious local produce and artisan products. The market can be found at 7221 Broadview Road, Seven Hills, Ohio 44131, with free parking behind Fire Station #1.

Everything at the SHFM is brought to you by local farmers and small business owners. Day after day, these dedicated families grow the produce we love as well as creating the jams, bakery, skincare products, pet treats and more, that we enjoy. Invisible to many of us, yet part of our lives, the vendors are the bed-rock of the market and are also members of our community. The act of shopping at a farmers' market is completely different from shopping at a grocery store. Fos-

tering personal connections, providing great customer service, and possessing exceptional product knowledge, our market vendors add to the vibrancy of our city. When you shop at the Seven Hills Farmers Market, you are paying a small businessperson directly, which not only keeps small businesses solvent, but also strengthens our local economy.

As a food consumer, the SHFM is a great place to learn more about the items offered. From in-season fruits and vegetables to carefully hand-crafted items from bakery to treats for the furry members of your family, you can meet the farmer or artisan and ask questions about their products. They are happy to share their expertise!

Please stop by, enjoy the outdoors, listen to the music, have a bite to eat from the food truck and know that your purchases support local small businesses in our community.

The SHFM food truck and entertainment summer schedule:

July 6 – Barrio Taco Truck. Music Wayne Tomsic Combo.

July 13 – Cheesy Dave's./ Riley Perry.

July 20 – Smash Time. Music/ Cleveland's Backstreet Blues Band.

July 27 – Boss ChickNBeer. Music/ The Barlow Boys.

August 3 – The Cedar Grill. Music/ Kennedy & Daine.

August 10 – Manna Truck. Music/ Small Craft Advisory.

August 17 – Pork In The Road. Music/Hip To That.

August 24 – Empanadas On Wheels. Music/Gemstone.

August 31 – Blasion Fusion. Music/ Cleveland's Backstreet Blues Band.

September 7 – Cheezylicious. Music/Wayne Tomsic Combo.

September 14 – Bearden's Food Truck. Music/The Baker's Basement.

September 21 – Barrio Taco Truck. Music/The Barlow Boys.

September 28 – Slyman's Tavern. Music/Gemstone.

GLIMPSES OF THE TRI-CITY AREA

A New Way To Age In Place

by Geoffrey Moore

Home Instead Lakeview will host an Open House on July 12 th from 10:00 a.m. – 12:00 noon. Our “Share Care” home offers a new way to receive 24-hour care in a single-family home at less than half the cost of our traditional home care. We call it “Share Care” because, in essence, the residents split

the cost of around-the-clock care. For some seniors it’s the perfect solution. With a Care Professional-to-resident ratio of 3:1 (and no more than 5:1), our residential facility is very different from a traditional “group home.” Our Care Pros engage with our residents at a level no other facility in the area can match. Our care is provided by screened,

bonded, trained, and specially selected Home Instead Care Pros. At least one Care Pro is in the home at all times and Care Pros never sleep in the home. Home Instead Lakeview offers a safe, quiet, and comfortable alternative to larger facilities. In this intimate setting, residents receive personalized attention and engagement that enhances life

in every way. Home Instead Lakeview is licensed by the State of Ohio as an R-2 residential care facility and can accommodate up to 5 residents.

Here are more details:

•Our 2,000 square foot home is spacious and bright. The family room and living room provide ample space for residents to enjoy music, games, crafts, puzzles and their favorite TV shows.

•Room & Board includes all meals, snacks, beverages, utilities, cable, phone and wireless internet.

Transportation to appointments is available as an add-on service.

•24-Hour care includes third shift, hands-on care.

•Each resident has their own bedroom, filled with their own personal belongings. We will also make room for a resident’s favorite chair in the family room, if desired

•Family and friends may visit whenever they like or may plan outside activities with their loved one.

•Our households are filled with joy, due to the personal relationships we form with our clients.

The Home Instead office that serves Parma and the surrounding area was established in 1998. Over the last two decades, we’ve cared for thousands of seniors who wish to remain in their own homes. Home Instead Lakeview is offered as an alternative to in-home care for our clients who desire around-the- clock, hands-on care in a nicely appointed home at an affordable cost. We also have a Share Care home on Vicksburg Drive in Parma. Please call 440 734-7441 for details.

Hometown Heroes....The Myth of Independence Day

by Tony Kessler

Independence Day (July 4th) is commonly but falsely associated with the military, the fact is that Independence Day has no affiliation with the military. The firing of military guns and cannons on this day lead to the assumption

that this day was in fact a military related event. The gun salutes heard on this day were actually salutes to represent the original thirteen founding colonies. This is the day the thirteen colonies declared independence from Great Britain. More importantly, July

4, 1776, is the day the Declaration of Independence was signed. (It was actually signed on the 2nd of July)

Some speculate that the deaths of Thomas Jefferson and John Adams on July 4th, 1826, is what brought this day to recognition. It was not until 50 years later, in 1870, that Congress officially recognized the holiday. Today, this holiday is celebrated with picnics, fireworks, the American flag, and lots of family time. Although it is not related to Military or Veterans, it is still considered a patriotic celebratory day.

The Difference between Independence Day, Memorial Day and Veterans Day is that Memorial Day and Veterans Day are military related as they both honor our war veterans. However, the distinguishing difference between the two holidays is that Veteran's Day celebrates all veterans - living or dead. Memorial Day is reserved to honor

and pay respects to the military lives that have been lost. Veterans Day is celebrated on November 11th each year. Memorial Day...originated during the Civil War Era it was known as Decoration Day. Although it has evolved into a day of parties and picnics, it was originally set aside for Veterans, families, and civilians to remember their fallen loved ones by decorating grave sites of soldiers and servicemen. It was not meant to be a 'happy' day, but one of sorrow and remembrance. Independence Day is accepted as a "happy" day but has no known affiliation to the military or to veterans.

Note: The newly formed "Parma Area Senior Veterans" meetup group meets the last Friday of each month at 1pm at the Donna Smallwood Activity Center. If you are a senior veteran, we invite you to join our meetup and follow us on Facebook: parmaareaseniorveterans

Standing Outside Mabel's At Sunset

by Jeremy Jusek

Push up, kettle drum, against my sneakers
East 4th is calling—boosted bass line thrum-beat boo,
the music found me, each color's a catch: violet streaking
through percussion, orange and red starbursts springing
from tonight's comic headlining Hilarities.
Strings of white lights criss-cross over the red brick street
releasing their fireflies over chatting patio diners
while the crowd jostling toward Progressive Field thins
and Prospect's flowering planters are once again in view.
Stand down, sunset, hide behind Key Tower,
refract the spirits rising against the settling twilight—
spatter outward the clots like a sliced vein
still spurting in tune with the heartbeat.
Mingle with the other wolves and skunks
waiting to catch a bus, watching folks heading
toward the West 25th Street Bridge with their carryout,
expecting the glass chimneys to shatter from volcano ash.

New Colorful Playgrounds Will Replace Dated Equipment In Three Parma Parks

by Carolyn Kovach

This summer, new playground equipment will replace 30-year-old equipment at three City of Parma parks: Walters Grove, John Petruska and Hetzel. Snider Recreation began construction in June at Walters Grove. The company will work on John Petruska next and then Hetzel. Walters Grove and John Petruska are two of Parma's busier parks. All three installations of Burke

playground equipment should be completed before the end of summer. "The playgrounds will all be mod-

ular structures with various activities. They will have separate swing set bays," said Parks and Recreation Department Director Micky Vittardi. Vittardi explained that the playgrounds will have similar features, such as slides, swings and climbing structures but different color schemes. For example, the Walters Grove playground in Ukrainian Village is blue and yellow. All three playgrounds are expected to cost \$135,000 total. A 2022 Ohio Capital Budget Grant for community recreation upgrades is covering two-thirds of the cost, with the city covering the remaining \$45,000.

"Our Recreation Department does an excellent job of applying for grant money. With 18 parks in the city, it is a lot to maintain and update. Grant dollars help us make our playgrounds and parks more attractive to families

with young children," said Mayor Tim DeGeeter. "These new playgrounds will help encourage children to get outside and play. I anticipate seeing more activity at these popular parks when the new equipment is installed and play areas finished." Assistant Recreation Director Dave Ehlert said when choosing new playground equipment, the Recreation Department considers accessibility, appearance, durability, safety and the various activities or exercises the equipment promotes. "Playgrounds have changed significantly since the time the older equipment was installed. Today's equipment is more colorful, dynamic and multi-generational. The designers also factor in free movement, fitness and flexibility. The steep metal slides and old-school jungle gyms, seesaws and metal merry-go-rounds are long gone."

and our workforce in this community inspires me every day," said Amy Carrier, plant director at GM Parma Stamping. "GM has been in this community for more than 75 years and we see the positive impact these local organizations can have when they have the resources to do so. Whether it's an investment of time or money, we are committed to serving and growing with the greater Parma community and all of the communities in which GM employees live and work." The 2023 Parma-area grant recipients include: Big Brothers Big Sisters of Greater Cleveland – grant funds will be used to support 40 new one-to-one mentoring relationships that defend, inspire, and empower the potential that lives within every kid.

Big Creek Connects – grant funds will be used to support the Greater Cleveland Stream Monitoring Program, which introduces middle and high school students to watershed stewardship and the application of science, technology, and engineering with professionals during field visits. Greater Cleveland NSBE Jr – grant funds will be used to support various initiatives to increase the number of culturally responsible Black Engineers who excel academically, succeed professionally and positively impact the community. Partnerships and programs will introduce urban youth to opportunities that an engineering/STEM career can offer. United Way of Greater Cleveland – in partnership with local organizations, grant funds will be used to support United Way's Family Stabil-

ity Initiative, which provides financial assistance for mortgage payments, utilities, or property taxes to Cleveland families in need, allowing children to remain in their home school. Since 2019, GM has granted more than \$13 million to nonprofits in its facility communities, and \$215,000 to the Parma region through the Community Impact Grants program. PARMA HEIGHTS

Celebrate Ice Cream Month At Lumpy's Shake Shop

by Emery Pinter

Here is the good news for those wilting in the sweltering summer heat, July is National Ice Cream Month! National Ice Cream Month was signed into public law by President Ronald Reagan on July 9, 1984, and celebrates all things ice cream!! So my goal for July is to stop by several times and grab a treat from a locally owned favorite-Lumpy's Shake Shop.

Whether the craving is for classic flavors or tantalizing new flavors, plan to beat the summer heat by enjoying new concoctions at Lumpy's Shake Shop. This spot offers a rotating variety of creamy goodness. From Strawberry to Cinnamon Apple Crumb, it's got loads of delectable flavor deliciousness.

Lumpy's is simply delighted to scoop their Strawberry Ice Cream for you. Made with real strawberries and it has become one of the favorites. Black Raspberry Truffle has ripples of raspberry with chewy ruffle pieces

in every bite!. Or try Chubby Elvis, sweet banana ice cream all shook up with a salty peanut butter ripple and rich chocolate chips. So many flavors to take home and enjoy a dish of delicious ice cream on the front porch on a starry summer night. All available by the scoop, pint or quart!! Enjoy!

VOTE **NO** ON STATE ISSUE 1
AUGUST 8, 2023

Our Ohio Government is trying to take away citizen rights to amend the State Constitution by making it more difficult. For over 100 years our traditional system has worked well. There is no need to change!

State Issue 1 would:

- INCREASE the votes required from 50% to 60% to pass an amendment.
- A minority of voters, 41%, could defeat the majority!

If State Issue 1 passes it will be almost impossible for citizens to pass a constitutional amendment.

Paid for by concerned Ohio citizens.

PERSPECTIVE

America’s Best Idea

by Lee Kamps

It has been said that our national parks are America’s best idea. In fact, the entire idea of setting aside unique natural features was an American idea. On March 1, 1872, then President Ulysses Grant signed an act that established the Yellowstone area of Wyoming, Montana and Idaho as the world’s first national park. Ulysses Grant never visited Yellowstone National Park. But the reports from explorers told of natural wonders that were incredible; of geysers spouting boiling hot water and of hot pools of mud and of the remarkable wildlife in that area. In fact, Yellowstone National Park was the first declared national park in the entire world.

The second national park is Yosemite National Park in California that was established as a national park in 1890. The newest national park as of this writing is the New River Gorge National Park in West Virginia that became a national park on December 27 2020. Living in northeastern Ohio, we are fortunate to have a national park right in our community. The Cuyahoga Valley National Park was declared as a national park in 2000. The New River Gorge National Park is only a five-to-six-hour drive from the Cleveland area.

The most visited national park is a day’s drive from Cleveland. That park is the Great Smoky Mountains National Park that straddles the border of North Carolina and Tennessee. Over 14 million people visited that national park in 2022. Rounding out the five most vis-

ited national parks are: Zion in Utah, Yellowstone, Grand Canyon in Arizona and Rocky Mountain in Colorado.

Some national parks are not as popular with visitors. One of the least visited national parks is the Gates of the Arctic National Park in Alaska. It is very remote and there are no typical tourist amenities available, not even paved roads. But it includes mountains in the Brooks Range as well as large stretches of arctic tundra. Perhaps the most remote national park is the National Park of American Samoa which is closer to Sydney Australia than to Honolulu in Hawaii. Speaking of Hawaii, that state has the Hawaii Volcanoes National Park that includes the world’s most active volcano. When I visited that national park forty-one years ago, I got to walk on day old lava in the caldera.

The National Park Service that administers the nation’s national parks

as well as national monuments, national seashores, national lakeshores, national historic sites and national battlefields. The Perry’s Monument on Put-in-Bay is a National Historic Site. Other National Historic Sites in Ohio are Lawnfield, the home of James A Garfield who was our nation’s 20th President in Mentor and the Hopewell Culture National Historic Site near Chillicothe.

There are two really scenic National Lakeshores in Michigan. One is the Sleeping Bear Dunes near Traverse City that has some of the highest

sand dunes in the world overlooking Lake Michigan. The other is Pictured Rocks near the town of Munising in the upper peninsula that features some beautiful lake scenery on Lake Superior. One of the newest national parks is also about a day’s drive from Cleveland. That is the Indiana Dunes National Park on Lake Michigan outside Gary and on a clear day from that national park, one can see the Chicago skyline.

I have been fortunate to have visited many national parks, national historic sites and other areas administered by the National Park Service. These public lands belong to all of us, the people of the United States of America for the enjoyment, study, and preservation of our natural and human history for not only us but for future generations of people to come. Our national parks are also very popular with foreign travelers as well as Americans. I cannot think of a better way to show the world what a great country that the United States really is than our national parks.

I have been a serious amateur photographer for more than fifty years and have taken many great photos in our national parks. Here is one of my favorites, taken four years ago in Grand Teton National Park in Wyoming. It is Mount Moran over Jackson Lake.

What It Means To Be An American

by Robert Stilwell

To Believe - in the promise of a better tomorrow, and stand united in our efforts to give a peaceful nation to our children.....

To Honor - each other's differences and cherish the richness of our history, even as it continues to unfold from sea to shining sea.....

To Love - deeply our friends and family, day by day, and never take for granted the privilege of calling ourselves

Celebrating A Year Of Feature Fridays!

by Marie Gallo

Feature Friday launched last July and since its inception, more than 45 businesses within the City of Parma Heights have been promoted. The goal is to utilize the city’s social media platforms for the followers to learn more about the wonderful businesses within the city. Some of the businesses are second, third and even fourth generations maintaining their family business, while others just opened in 2022 and 2023.

Comments have ranged from: “I’ve lived here many years and never knew what they sold,” to, “I love shopping and supporting local,” and even, “they have the best food in the area.” Each business has appreciated being featured and really enjoyed the support from the city and Parma Heights citizens.

Since the creation of Feature Friday, many social media followers look for-

ward to the post and are interested to see who is being featured next. The support for businesses has been amazing, helping with retention as well as demonstrating to future businesses who may be looking to come into the City of Parma Heights, that the city will support them. Each week is a reminder about the many businesses within the city.

Be sure to follow the City of Parma Heights Facebook and Instagram pages, to learn and discover new and old places to shop and dine right here in Parma Heights.

Join The Young Professionals Of Parma For An Historic Local Trolley Tour!

by Kate Blake

The Young Professionals of Parma are excited to be hosting their first historic trolley tour of Parma coming up on Thursday, July 13th from 6pm – 9pm!

The historic sightseeing tour around the city begins at Stearns Homestead, an educational and historic farm, at 6pm and includes a guided tour of Stearns House, Gibbs House, and the 1850s Yankee-style Barn. At 7pm, attendees will board the trolley for their relaxing guided journey of numerous historic sites around Parma. Waters will be provided on the trolley. Sights along the way include Parma’s Birthplace, Polish Village, the original firehouse, the Phillip Henninger House, beautiful churches, historic cemeteries, and much more!

Local historian Patricia Nickols will provide narration throughout the ride and will share interesting facts about Parma’s history and culture. Guests will also enjoy a stop at Sweetie’s Soda Shoppe around 8pm for a summer treat or soda and restroom break. The tour will conclude back at Stearns Homestead at 9pm.

The event was envisioned by

YPOP member Lauren Bajda who, like many of us, enjoys traveling to new cities and going on sightseeing tours as a way to explore a new locality. These tours offer a glimpse into a city’s rich past and highlight key people, places, and events that helped shape the city into present day. It’s also an entertaining way to take in the sights, discover new shops or restaurants, and meet fellow travelers.

Lauren thought, why not do this at home to learn about the city where we live and work, highlight local businesses, and connect with fellow professionals and neighbors? This inviting and educational summer event brings her vision to life! Perfect for anyone new to the Parma area, as well as anyone who is already familiar, this historic trolley tour offers a fun way to meet new people and see what makes Parma great! We hope you can join us!

Pricing for the event is \$30 for YPOP members and \$35 for nonmembers. To purchase tickets, please visit <https://parmayps.com/parma-tour/>. To join the Young Professionals of Parma, please visit <https://parmayps.com/membership/>.
