If you like elegant chardonnay with some oak, this is for you. Very fresh acidity, helping it to carry the generous body. The tannins are not too much. Plenty of citrusy flavors here. Drink or hold.

This house, one of the oldest in Burgundy, is producing some inspired wines. This crisp bottling shows potential balance between the fresh citrus fruit and the wood aging. The result will be a ripe wine hinting at minerality. It likely will be ready from 2021.—
