### About TintoNegro

TintoNegro is the project of two long-time friends and colleagues based in Argentina's largest winegrowing area, Mendoza. Here, the Malbec grape thrives in the hot, dry climate. Specializing in Malbec, TintoNegro means "black wine" in Spanish, celebrating the essence of this rich, concentrated, dark grape. Each TintoNegro wine comes from a different part of Mendoza, showcasing the region's stylistic diversity.

### The Wine

- TintoNegro Mendoza Malbec is made from **100% Malbec** grapes in Argentina.
- A soft, drinkable style, this wine offers bright red fruit flavors, a supple texture, and a spicy finish.
- Sourced from Mendoza's Primera Zona of Maipu and Luján de Cuyo, the Mendoza blend is meant to showcase the exceptional value and approachable profile of Malbec.

### WINE CHARACTERISTICS
