ABOUT TENUTA DI FESSINA

In 2007, Silvia Maestrelli founded Tenuta di Fessina in the village of Rovittello on the side of Mount Etna on the island of Sicily. In just ten years, Silvia has created one of the most recognizable cellars in the Etna area and has become a perfect ambassador of new Sicilian viticulture. Located between two ancient lava flows of a still active volcano, the wines of Tenuta di Fessina have amazing richness and a marked minerality.
