## ABOUT ALTANO

Altano is produced by the Symington family, known for their long and distinguished history of producing premium Vintage Ports in the Douro. Altano table wines come from the Douro Valley in northern Portugal. Organically-farmed, the wines are all produced from grapes indigenous to Portugal. Today seven members of the Symington family are involved in the business, personally managing all aspects of winemaking from the vineyard to the final bottling of the wines. Symington Family Estates is a certified B-Corporation and is committed to sustainable winemaking, working actively to protect natural ecosystems, limit carbon emissions, and support the local communities in the regions where they work.
