ABOUT REYNEKE

Reyneke Wines is the first farm in South Africa to achieve certification by Demeter (the largest and most widely acknowledged biodynamic accreditation body in the world). Biodynamic farming sees the farm as an ecosystem all its own. Founded by Johan Reyneke, Reyneke Wines is an 85 acre vineyard on the ridge of the Polkadraai Hills overlooking Stellenbosch in the Western Cape of South Africa. No artificial additives are used in the farming process or in the cellar and a non-intervention approach is followed—only natural solutions to natural challenges.

THE WINE

- r** 100% Chenin Blanc, from vines dating to the early 1970s
- r** Floral and white peach notes with hints of pear and grapefruit
- r** Fresh and vibrant with a long, well-balanced finish.
