

ABOUT LINE 39

When it comes to growing grapes, nothing comes close to the 39th parallel—Northern California's winemaking sweet spot—where grapes are cultivated in prime conditions. It's where Line 39's own roots were established and set the standard for where we grow our grapes now in the best regions across California.

WINEMAKER NOTES

Our commitment to honest flavor drives everything we do—from the way we grow our varietals to how we take extra care during the winemaking process. We believe a Cabernet should be full-bodied and a Chardonnay should be bright and crisp, so we don't use anything artificial to ensure that every varietal tastes true to its nature.
