# EXCURSION RED BLEND CALIFORNIA

Stainless steel fermentation,  
aged in French and American oak

.....

When it comes to growing grapes,  
nothing comes close to the 39th  
parallel—Northern California's  
winemaking sweet spot—where grapes  
are cultivated in prime conditions.  
It's where Line 39's own roots were  
established and set the standard for  
where we grow our grapes now in the  
best regions across California.

.....

## APPEARANCE/BODY

Smooth, with balanced tannins  
for a well-rounded wine
