

Sebastian Beaumont

BEAUMONT WINES, BOT RIVER, SOUTH AFRICA

Sebastian was born in 1974 and raised on the Beaumont Wine Estate in the Bot River area of South Africa. He spent his childhood running through the vines and learned to appreciate the beauty and uniqueness of the Bot River terroir at a very young age.

Beaumont strives to produce wines that capture essence of what Bot River vines can produce. He studied at Elsenburg and graduated from their winemaking and viticulture course in 1998.

Today, Sebastian is responsible for all aspects of the family business. His travels around the world have left him convinced that there is something truly unique in Bot River.

Two of Sebastians all-time favorite wines are Botrytis wines that he tasted very early on in his wine career. They were wines that led him on a life journey and have kept him striving to capture the magic of the grape in the bottle.
