OLD VINE ZINFANDEL CALIFORNIA

The struggle for survival of old vine Zinfandel is an inspired part of California's prestigious wine history, culture and early beginnings. As these vines age their root structure reach deep into the earth and the vine becomes more fragile. The resulting yields are significantly reduced while the flavors are concentrated, yielding superb quality.

TASTING NOTES

The aromas lead with ripe berries and fruit leather on the nose. This medium bodied Zinfandel is beautifully balanced with notes of spice from the soft oak, finishing with silky tannins.
