- Volunteer cereals (2–6 leaf)
- Volunteer corn (2–6 leaf)
- Wild oats (2–6 leaf)

150 mL/ac. rate (40 ac./case)

- All weeds listed above
- Quackgrass

## Benefits

- **EXCELLENT TANK-MIX PARTNER** with many broadleaf herbicides
- **WIDE WINDOW OF APPLICATION** and excellent crop safety
- **EFFECTIVE VOLUNTEER CORN CONTROL** in soybeans
- Rate flexibility to match weed pressures
- No re-cropping issues
- Carrier surfactant technology assists in getting Statue to the growing point of grass weeds quickly

## ACTIVE INGREDIENTS

- > Group 1 (clethodim)

## RAINFAST

- > 1 hour

## APPLICATION RATE

- > One case treats 40–80 acres

## APPLICATION TIMING

- > Post-emergent

## TANK-MIX ORDER

- > Broadleaf herbicide
- > Statue
- > Carrier adjuvant (0.5% v/v)

## NOTES

- > Carrier adjuvant must be used with Statue

## PCP #

- > 32885
- > 30639 (Carrier)
