

Finding Success Day 1:

Yielding Your Rights and Embracing Your Responsibilities

Mark 10:22-24 (TPT)

“Jesus looked at the faces of his disciples and said, ‘How hard it is for the wealthy to enter into God’s kingdom realm.’ The disciples were startled when they heard this. But Jesus again said to them, ‘Children, it is next to impossible for those who trust in their riches to find their way into God’s kingdom realm.’”

In this passage of Mark, Jesus tells the man to let go of his earthy focus - to stop putting his trust in his riches - and serve God’s people and he would find God’s kingdom realm here on earth. The man walks away very sad because he is focused on what the world promises will bring happiness.

Activation - Give Up Your Rights and Accept Your Responsibilities

Right: a moral or legal entitlement

Responsibility: being accountable to another

As soon as you embrace God’s truth and give up your idea of rights and accept the responsibility God has given you to love others, you move out of the worlds system and move into God’s system. In God’s kingdom realm He gives you life, strengthens you, provides for you, nurtures you, and covers you.

Father God, thank You that You invite me into Your kingdom realm – heaven right here on earth! Thank You that You know me, love me, and provide for me as I choose to embrace Your will and step into Your Kingdom. Holy Spirit help me to let go of the rights I perceive and embrace the responsibility of serving and loving others. Help me to truly love and serve those you put in my path. Amen.
