

Everyday Miracles

Watch “The Purpose of Miracles” message by Pastor Daniel Proffitt at tfc.org/messages.

In the first week of the “Power Works” series, Pastor Daniel asked us to slow down and take a look around to find everyday miracles. In order to do that, we need to step into the expectation of miracles! That means that we go out into the world expectant to see God’s miracle work every day; and as we talk to people and pray for them, we begin to see God’s miracle working power in their lives!

“Truly I tell you, the one who believes in me will also do the works that I do. And he will do even greater works than these...” John 14:12

We are called to engage with God, so we recognize what He is doing around us. And even when it doesn’t make sense, choose to be obedient because – as Pastor Daniel told us this weekend – there is a world out there that doesn’t know God. We have the opportunity to work for God’s kingdom. The result of obedience in the unknown will be exceedingly abundantly above all that we ask or think! In Luke 5, Jesus shows Peter the abundance that results from Kingdom work.

*“Jesus...said to Peter, ‘Now row out to deep water to cast your nets and you will have a great catch.’ ‘Master,’ Peter replied, ‘we’ve just come back from fishing all night and didn’t catch a thing. But if you insist, we’ll go out again and let down our nets because of your word.’ When they pulled up their nets, they were shocked to see a huge catch of fish, and their nets were ready to burst! ...When Simon Peter saw this **astonishing miracle**, he knelt at Jesus’ feet and begged him, ‘Go away from me, Master, for I am a sinful man!’ Simon Peter and the other fishermen were **awestruck over the miracle** catch of fish.”*

“Jesus answered, ‘Do not yield to your fear, Simon Peter. From now on, you will catch men for salvation!’ After pulling their boats to the shore, they left everything behind and followed Jesus.” Luke 5:4-11

We are fulfilled when we are working in God’s kingdom and God is calling all of us to participate in His kingdom. As you go about your day today, go out expecting to see miracles from God! As you talk to people, be expectant to witness things that don’t make sense. As you listen, be ready to be obedient for the Kingdom of God and prayer for others – believing in everyday miracles! Some miracles will be instantaneous, some will take time. Some will be obvious, and some God will show subtly. Some will be shared, and some you may never learn about. But as we step out in obedience and fulfill our purpose in God’s kingdom, we know He is working powerful miracles every day!
