Livart Marine Joins ICOMIA

26 June 2025. The International Council of Marine Industry Associations (ICOMIA) is pleased to welcome **Livart Marine** as its newest Sustaining Member. As part of this membership, Livart Marine will actively contribute to the ICOMIA Marinas Group (IMG).

A subsidiary of the Livart Group, Livart Marine was established in 2007 and has since grown into a respected global brand in the marina and floating infrastructure industry. Known for its commitment to quality, innovation, and client-centric solutions, Livart Marine provides comprehensive end-to-end services—from initial proposal and detailed engineering design to manufacturing, installation, testing, commissioning, and project handover.

Livart Marine specialises in advanced floating solutions, including premium aluminium pontoon systems and concrete wave attenuators, all manufactured at its brand-new state-of-the-art facilities in Guangdong Province, China. Spanning over 24,000 square metres, these high-tech factories produce engineered systems that meet the stringent standards of The Yacht Harbour Association (UK), Australian Standards, and other key international safety and performance benchmarks.

As one of the industry's most professional and customer-focused floating infrastructure providers, Livart Marine brings valuable expertise and a global perspective to ICOMIA and the wider marina community.

Joe Lynch, Chief Executive Officer of ICOMIA said: *"We are delighted to welcome Livart Marine into the ICOMIA Marinas Group. They are already well known in the worldwide marina community with their floating pontoon systems and we look forward to their contribution to ICOMIA members and in particular the IMG."*
