FOR IMMEDIATE RELEASE

SAILFISH BOATS ADDS TWO NEW DEALER PARTNERS

CAIRO, Ga. (August 20, 2025) – Practical. Purposeful. Powerful are the driving principles behind every Sailfish Boat. This philosophy extends to relationships with our existing dealer partners and is fostered with the new dealers.

Sailfish Boats have just added the following two dealers to the family:

- TPG Yacht Sales – Jamestown, RI & Groton, CT
- Cape Romain Marine – McClellanville, SC

"Dealers are at the heart of an OEM. And we have the best at Sailfish," stated Sailfish Boats President & CEO, Rob Parmentier. He went on to say, "The addition of these dealers, along with our current dealer partners, are a reflection of the brand and their respective markets to appreciate the quality and affordability of our boats, solidifying the efforts the team in Cairo is putting in every day and in every boat we build."

"Sailfish Boats is the right boat for our market," said Cape Romain Marine owner Ross Giovannucci. "They are priced right, giving you a boat that is packed with features, strength, quality and sheer dock appeal that stands out for the traditionally pricier boats. They are the right balance of fishing and family that works perfectly in our waters. Finally, their understanding of how to work with a dealer as a partner is refreshing." Ross went on to say, "can't wait to see what we do together."

Eric Bradley, Vice President of Marina Operations for TPG Marinas, said this about Sailfish, "We have had great success and feedback with Sailfish as part of our fleet at our boat club operation in Isle of Hope, GA, just outside of Savannah. Therefore, we felt it would be natural to partner with Sailfish to expand our boat and marine operations in our home port

of Jamestown, RI, with hopes of extending the partnership to our other TPG Marinas locations." TPG Yacht Sales Manager Catherine Haines echoed Eric's thoughts, adding, "Pairing high-quality boats with our established marina network and service centers adds value for our customers and strengthens our long-term vision for the TPG marine portfolio. We are excited to reintroduce Sailfish into the thriving boating ecosystem that exists here in Rhode Island and Connecticut and look forward to officially kick things off with our first five boats at the Newport International Boat Show, taking place next month from September 11th-14th."

ABOUT SAILFISH BOATS

Sailfish Boats, based in Cairo, Georgia, has been building Practical, Purposeful, and Powerful boats for 40-years. Known for delivering exceptional inshore and offshore fishing platforms that are equally family-friendly, Sailfish designs and manufactures a full range of center console and dual console boats from 23 to 36 feet.
