Modus Partners with E&P Marine to Expand their Worldwide Reach

February 2, 2026 — Oxnard, CA — **Modus**, a leader in advanced marine audio technology, is proud to announce a strategic partnership with **Miami-based E&P Marine**. This collaboration aims to strengthen global accessibility for Modus' trusted marine brand across international markets, **and key accounts in the United States**.

Driving Innovation and Accessibility

Modus launched in March 2025 by DSP Solutions, Inc., debuted as Project M with an exclusive private event on March 19 in Mesa, Arizona.

The brand focuses on innovative mobile and marine audio solutions, featuring patented technologies like PREACT™ (for up to 500% greater efficiency in power management) and ACTEQ™ (microprocessor protection).

Designed for demanding environments—marine vessels, high-performance vehicles, electric, and power-sensitive applications, Modus delivers breakthrough efficiency, superior sound, and practical innovation for boat builders, OEMs, distributors, dealers, and enthusiasts.

With manufacturing and distribution spanning North America and beyond, Modus ensures fast, reliable delivery of its high-performance amplifiers and systems. Recent progress includes establishing a nationwide rep network and beginning shipments in early 2026, building strong momentum as an emerging leader in premium audio.

E&P Marine, the leading international marine manufacturer's representative group, brings decades of expertise managing top-tier marine products throughout Latin America, the Caribbean and abroad. By combining E&P's deep regional knowledge with Modus' cutting-edge portfolio, this partnership will deliver **faster service, stronger local support, and improved access to innovative marine audio solutions**.

*"E&P Marine knows this market inside and out," said **Matthew Delgado**, Director of Sales at Modus. "This partnership will allow our customers to benefit from quicker access to innovative products, stronger local support, and an expanded range of choices. We're not just expanding our reach; we're making it easier for our partners to work with us."*

*"We are thrilled to partner with Modus to create a worldwide team of audio sales experts prepared to service customers at a high level," said **Louis Diaz**, VP of Sales for E&P Marine. "For boat builders and distributors around the world, this collaboration means improved access to Modus' cutting-edge marine gear, along with more responsive and localized service."*
