

De Antonio Yachts Expands Into Canada With New Ontario Dealer

De Antonio Yachts continues its international growth with its official entry into the Canadian market through the appointment of Central Marine Midland as the exclusive dealer for Ontario. With three locations serving the iconic Georgian Bay, Central Marine strengthens the brand's presence in one of Canada's most active boating regions.

"With the end of the luxury tax, the market has a strong trend. I have been following De Antonio Yachts and their innovative design with hidden outboards for a long time. Today there is strong demand in the premium segment, and the brand will complete perfectly our offering in Ontario," said Pete Moreau, General Manager of Central Marine Midland.

"Canada is key for our expansion. With our strong presence in Florida and the Med, and now the launch of our cabin, enclosed-deck boats, northern markets are promising," added Co-founder Stan Chmielewski.

De Antonio Yachts will also debut its new D60 at the upcoming Miami International Boat Show.
