As a result of the COVID-19 pandemic the 75th session of the United Nations General Assembly (UNGA75) will take place virtually with events over a span of approximately three weeks. Each year the UN Foundation helps you navigate the busy calendar, and our Guide to UNGA75 contains information and links for a range of events, from key UN moments and summits, to our own convenings, and those of many different partners. All times listed are U.S. Eastern Time, unless otherwise specified. Please note we can’t provide or guarantee invitations to any of these events, and inclusion does not signal endorsement.

We will update this Guide every Tuesday and Friday during the UNGA period with a datestamp so you can be sure you have the latest version. We will post it on our UNGA page.

To search for a specific event, use Ctrl+F (PC) or CMD+F (Mac). To add an event, or send feedback, please contact Legna Perez at lperez@unfoundation.org
