Adaptation Campaign Hub community

# COP 30 CLIMATE ADAPTATION EVENTS PRELIMINARY

**MONDAY,  
NOVEMBER 3**

**14:00 - 15:30**

**MAKING ADAPTATION INDICATORS WORK: FROM NATIONAL REALITIES TO GLOBAL ASSESSMENTS OF PROGRESS**

Organization for Economic Co-operation and Development (OECD)

Virtual: [oecd-events.org/COP\\_30/session/7d1070f8-16a1-f011-b485-6045bd941168/making-adaptation-indicators-work-from-national-realities-to-global-assessments-of-progress](https://oecd-events.org/COP_30/session/7d1070f8-16a1-f011-b485-6045bd941168/making-adaptation-indicators-work-from-national-realities-to-global-assessments-of-progress)

This session will explore key considerations for achieving an ambitious, yet feasible, outcome on GGA indicators at COP 30 and for taking the indicator set forward in the years ahead. Discussions will focus on i) country experiences in reporting on adaptation and how this can inform assessments of progress towards the GGA; ii) issues to consider when assessing progress towards individual GGA targets (e.g. food and agriculture); and iii) indicators for enabling factors of implementation, including means of implementation.

**FRIDAY,  
NOVEMBER 7**

**08:30 - 18:30**

**[HIGH-LEVEL EVENT] BRIDGING THE GAPS FOR FOOD AND AGRICULTURE**

Ban Ki-Moon Centre for Global Citizens

*Parque Balneário Hotel Santos by Castelo Itaipava,  
Santos (near São Paulo), Brazil*

As global attention turns to UNFCCC COP 30 in Belém, it is necessary to elevate food and agricultural systems as essential levers for climate adaptation and mitigation, highlighting strategic investment pathways to bolster climate resilience, ensuring long-term food and economic security, and supporting nature-positive food and agricultural systems.

Immediately prior to the kick off of COP 30, World Wildlife Fund (WWF) and partners are hosting a high-level, action-oriented convening in Santos, Brazil — designed to accelerate bold, integrated solutions across food systems, climate and biodiversity, and build alignment for lasting impact.

# COP 30 CLIMATE ADAPTATION EVENTS

## WEEK 1

**MONDAY,  
NOVEMBER 10**

**12:00 - 14:00**

**[HIGH-LEVEL EVENT] ADAPTATION WITH PRESIDENTS AND VICE-PRESIDENTS OF MDBS**

Brazilian Ministry of Environment and Climate Change

*SE Room Parnaíba (Theatre)*

Contact event hosts for more details.

**12:00 - 12:50**

**VANUATU AND THE CLIMATE AND DEVELOPMENT MINISTERIAL (C&DM): OPERATIONALIZING COUNTRY PLATFORMS FOR ADAPTATION FOR SMALL ISLAND DEVELOPING STATES (SIDS) AND LEAST DEVELOPED COUNTRIES (LDCS)**

United Nations Educational, Scientific and Cultural Organization (UNESCO)

*Moana Blue Pacific Pavilion, Blue Zone*

To help sustain the momentum from the C&DM into COP 30 in Belém, Vanuatu and the C&DM Secretariat will bring key take-aways from the pre-COP Ministerial meeting to the wider climate community. The event aims to demystify the concept of climate finance country platforms: what they are, how they work in practice, and what lessons can be drawn from the lived experiences of SIDS and LDCs that are leading adaptation-focused, country-owned programmes. It will explore how these approaches have evolved and showcase the work of the C&DM on this topic. It will also seek to explore how countries can come together to align and strengthen adaptation finance coherence.

# COP 30 CLIMATE ADAPTATION EVENTS

## WEEK 1

**MONDAY,  
NOVEMBER 10**

**12:00 - 13:30**

**POWERING RESILIENT SUPPLY CHAINS THROUGH PLANETARY  
DATA, FINANCE, AND DIGITAL CLIMATE INTELLIGENCE**

KPMG, AIGCC, Atlantic Council Climate Resilience Center

*Singapore Pavilion*

- Showcase practical use cases: Demonstrate how AI, earth observation, and fintech platforms are already identifying climate risks and issuing early warnings for supply-chain disruptions and business resilience strategies.
- Embed climate intelligence in decisions: Define where and how these tools plug into enterprise workflows (risk registers, procurement, inventory, logistics, and strategy).
- Discuss the future of cutting-edge tech: How the next wave of AI, earth observation, and fintech can increase decision certainty in planning and tracking adaptation outcomes and how to embed them in government adaptation planning.

**12:30 - 13:30**

**GLOBAL CENTER ON ADAPTATION (GCA) LOCAL ADAPTATION  
CHAMPIONS AWARDS CEREMONY**

Global Center on Adaptation

*Peru Resilience Hub*

As the international community gathers in Brazil for COP 30, connected to the work of this vital Hub, the GCA will celebrate the winners of the 2025 Local Adaptation Champions Awards by hosting the Awards Ceremony at the Resilience Hub. The event will serve as a celebration of the possibilities of adaptation action led by and for communities most affected by the climate crisis. The event will also include the presentation of the GCA's flagship publication, *Stories of Resilience*.

# WEEK 1

**MONDAY,  
NOVEMBER 10**

**14:00 - 15:00**

**ENSURING ECONOMIC AND FINANCIAL STABILITY THROUGH  
RESILIENT SYSTEMS**

Alliance for Global Water on Adaptation (AGWA)

*Peru Resilience Hub*

Climate change is reshaping the foundations of our financial and economic systems. Consequently, solutions for overcoming these increasingly frequent disruptions to societies and economies will depend on effective and integrated systems-thinking approaches. This event will identify systemic solutions for reducing financial instability by identifying both hazards and resilience as core components of economic planning and investment frameworks. This high-level dialogue will also explore how investments in water resilience can serve as a foundational strategy for economic security, adaptation, and transformative development.

**14:30 - 16:00**

**INCLUSIVE GOVERNANCE AS A DRIVER OF ADAPTATION**

Brazil Ministry of Environment and Climate Change (MMA), Brazil Ministry of Science, Technology, and Innovation (MCTI), German Agency for International Cooperation (GIZ), Government of China, and the Government of Chile, Local Governments for Sustainability (ICLEI)

*SE Room Sao Francisco (Square-60)*

Contact event hosts for more details.

**14:30 - 16:00**

**THE FUNDAMENTAL ROLE OF COMBATING HUNGER AND POVERTY  
FOR CLIMATE JUSTICE: PLACING THE HUMAN DEVELOPMENT  
PERSPECTIVE AT THE CENTER OF CLIMATE ACTION AND  
ADAPTATION STRATEGIES**

Food and Agriculture Organization of the United Nations (FAO), Global Alliance Against Hunger and Poverty, International Labour Organization (ILO), World Bank

*SE Room Parniba (Theater)*

Contact event hosts for more details.

# WEEK 1

**MONDAY,  
NOVEMBER 10**

**15:30 - 18:00**

**IDENTIFY, ASSESS, RESPOND: THE ROLE OF INSURANCE AND RISK MANAGEMENT IN ADVANCING NATIONAL ADAPTATION PLANNING**

Zurich and Marsh McLennan

*Peru Resilience Hub*

This session will focus on three critical elements to effectively develop and deploy National Adaptation Plans (NAPs) at the national level. The session will feature a representative of the Climate High-level Champions (HLC's), or the COP President, reinforcing how important this topic will be for framing Brazil's lasting impact on the climate challenge. The program would then shift to a series of three substantive panels focusing on risk identification, project prioritization and implementation, followed by a debrief session with eminent industry leaders. The objective would be that public and private sector leaders share best practices that could be replicated in other markets.

**16:30 - 18:00**

**INDIGENOUS ADAPTATION**

Brazilian Ministry of Environment and Climate Change

*SE Room Sao Francisco (Square-60)*

Contact event hosts for more details.

# WEEK 1

**TUESDAY,  
NOVEMBER 11**

**09:30 - 10:30**

## **WATER RESILIENCE**

Brazil Ministry of Regional Development, UN Water, Water for Climate Pavilion (WFCP)

*Axis 4 Thematic Room*

Contact event hosts for more details.

**09:30 - 10:30**

## **BEYOND WARNINGS: PRE-ARRANGING FINANCING TO OUTPACE DISASTERS**

Centre for Disaster Protection and Ignitia

*Peru Resilience Hub*

The international crisis financing system is fragmented and not configured to meet current or future crisis financing demands effectively. Despite advances in early warning systems and climate risk modeling, finance is too often reactive, fragmented, and late. This session will provide an early view of new research on the use of pre-arranged finance, looking at trends in triggerable finance globally. It will then explore how triggers can be used to transform early warnings to early action to protect people, economies and nature. By blending science, technology, and finance — from AI-enhanced forecasting, to innovative risk transfer instruments, to anticipatory action pilots in agriculture, coral reefs, and fragile ecosystems — the session will spotlight models that move beyond theory into scalable, investable solutions.

**12:30 - 13:30**

## **CIRCULAR ECONOMY TRANSITIONS: NAVIGATING TRADE-OFFS FOR RESILIENT MATERIALS SYSTEMS**

PwC

*Peru Resilience Hub*

This session will explore how regulation, collaboration, innovation, and education can be designed to accelerate circularity. Through a multi-stakeholder panel and solution showcases, we will examine how governments, businesses, communities, and investors can anticipate and manage social and ecological costs of transitions, dismantle entrenched unsustainable practices, and ensure that circular economy strategies for materials are ambitious, realistic, and enduring.

# WEEK 1

**TUESDAY,  
NOVEMBER 11**

**12:30 - 13:30**

**SCALING EARLY WARNINGS FOR ALL: GOVERNANCE  
& LOCAL ACTION**

Risk-informed Early Action Partnership (REAP), UN Office for Disaster Risk Reduction (UNDRR), Water at the Heart of Climate Action (WHCA)

*Thematic Area - Axis 4*

Contact event hosts for more details.

**15:00 - 16:30**

**BUILDING RESILIENCE FROM CRYOSPHERE TO SMALL ISLAND  
DEVELOPMENT STATES**

United Nations Educational, Scientific and Cultural Organization (UNESCO)

*Side Event Room 2*

The event will showcase approaches to tackle cryosphere decline — from global monitoring and hazard mapping to community-led adaptation and nature-based solutions, and focus on key action areas for reducing vulnerabilities and fostering innovation.

**15:00 - 16:30**

**INSURANCE AND NATURE: UNLOCKING CLIMATE ADAPTATION  
FINANCE TOGETHER**

Marsh McLennan

*Peru Resilience Hub*

The main concept to be featured at this session will be the powerful role that insurance can play in freeing up other sources of private capital for investment in adaptation. Framed by a recent report issued by Oliver Wyman, the program will highlight four practitioners who are currently leading projects that leverage new insurance tools to capture the resilience dividend through innovative nature-based programs. The session will close with a public sector leader calling for more innovation in this space.

# WEEK 1

## WEDNESDAY, NOVEMBER 12

**11:00 - 12:00**

### **AI FOR AGRICULTURAL ADAPTATION: UNLOCKING CLIMATE-RESILIENT SMES IN AFRICA**

Africa Climate and Energy Nexus (AfCEN)

*Axis 3 Thematic Room*

Contact event hosts for more details.

**11:30 - 13:00**

### **BUILDING CLIMATE-SMART CITIES THROUGH DIGITAL TRANSFORMATION**

African Smart Cities Innovation Foundation (ASCIF), African Belt and Road Development Initiative (ABRDI), Democratic Republic of the Congo

*Side Event Room 5*

How data-driven decision-making, digital infrastructure, and technology-enabled governance can help cities anticipate climate risks, prioritize investments, and track adaptation impact and urban investment today to shape a global low-emissions and resilient future.

**11:30 - 13:00**

### **INNOVATIVE FINANCING FOR ADAPTATION**

Adaptation Fund Board (AFB)

*Side Event Room 8*

Exploring the potential of Art 6.4 and Art 6.2 as a source of financing for adaptation.

**11:30 - 13:00**

### **NATURE-BASED SOLUTIONS FOR CLIMATE ADAPTATION IN THE BASINS OF RIVERS AND LAKES**

International Network of Basin Organizations (INBO), Observatoire du Sahara et du Sahel (OSS), World Water Council (WWC)

*Side Event Room 9*

Nature-based solutions are crucial for climate adaptation in the transboundary basins of rivers and lakes. This event will showcase successful examples of such solutions to promote water and climate security, avoiding maladaptation, and leveraging natural systems for effective climate action.

# WEEK 1

## WEDNESDAY, NOVEMBER 12

**12:30 - 13:30**

### **RIGHTS OF NATURE: REWRITING CLIMATE ACTION THROUGH ECOSYSTEM RESILIENCE, EQUITY, AND REGENERATION**

ThinkFilm and WECAN

*Peru Resilience Hub*

This session, inspired by the film “I Am The River, The River Is Me”, offers successful case studies from the Rights of Nature movement that have demonstrated long-term solutions toward biodiversity protection, promoting community resilience and livelihoods, and building climate resilience. As one of the fastest growing environmental movements globally, Rights of Nature recognizes that Earth’s ecosystems have the right to exist and thrive while rejecting false solutions that attempt to commodify nature and threaten human and Indigenous rights. The event will feature expert leaders representing communities around the globe who have implemented Rights of Nature frameworks successfully for their communities.

**12:30 - 13:30**

### **TECHNOLOGY FOR ADAPTATION**

PCOP 30

*SE Room Madeira (Square-40)*

Contact event hosts for more details.

**13:15 - 14:45**

### **WORK OF THE LEG IN SUPPORTING THE LDCS ON NAPs AND OTHER AREAS**

Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC)

*Side Event Room 1*

The event will feature the updated NAPs, technical guidelines and the 2025 NAP progress report, and will discuss support programs that assist LDCs in implementing NAPs. The guidelines provide guidance on financing and implementation, while the report tracks progress across the global goal on adaptation (GGA) targets.

# WEEK 1

**WEDNESDAY,  
NOVEMBER 12**

**14:00 - 15:00**

**YOUTH-LED CLIMATE FORUM SESSION 2: HOW CAN FUTURE INTERNATIONAL COOPERATION HELP US REACH FOOD AND AGRICULTURE TARGETS UNDER UAE FRAMEWORK FOR GLOBAL CLIMATE RESILIENCE**

YOUNGO Adaptation Working Group, Agriculture and Biodiversity Working Group, and Science Working Group

*Meeting Room 16*

**14:15 - 15:15**

**BUILDING LEGAL AND FINANCIAL CERTAINTY FOR ADAPTATION: DATA, RISK AND DELIVERY**

World Climate Foundation, World Climate Summit

*World Climate Impact Hub Pavilion, Blue Zone*

Adaptation is urgent but underfunded, and delivery often stalls at the intersection of regulation, data gaps, and risk allocation. This session convenes legal, finance, insurance, and observational data leaders to show how better rules, better data, and better risk-sharing can turn adaptation plans into investable, insurable projects. Drawing on examples from cities, water and agriculture, speakers will unpack how to structure contracts, safeguards, and performance clauses that give public and private actors the certainty they need to scale resilient infrastructure and nature-based solutions in Brazil and across the Global South. The discussion will connect early warning and climate observations to real underwriting and procurement decisions so adaptation finance can move from pilots to portfolio.

**15:00 - 16:30**

**BUILDING CLIMATE RESILIENCE THROUGH DEBT REFORM, INFRASTRUCTURE INVESTMENT AND PRIVATE SECTOR ACTION**

Antigua and Barbuda, Coalition for Disaster Resilient Infrastructure (CDRI), Global Philanthropy Foundation

*Side Event Room 2*

Present holistic approach to align debt reform, climate resilient infrastructure & public-private investment for long term adaptation. Feature Debt Sustainability Support Service (DSSS) model, endorsed in the Antigua and Barbuda Agenda for SIDS (ABAS) and the Fourth International Conference on Financing for Development (FFD4), and launch the DRI Action Agenda to guide integration into national adaptation strategies.

# WEEK 1

WEDNESDAY,  
NOVEMBER 12

**15:30 - 16:30**

**RACE TO RESILIENCE: ADVANCING AGENCY, EQUITY,  
AND INCLUSION IN ADAPTATION**

Race to Resilience

*Peru Resilience Hub*

As climate change worsens socio-economic disparities, those least responsible — women, youth, Indigenous Peoples, and vulnerable communities — face the greatest impacts to climate change, deepening cycles of poverty and exclusion. Breaking this cycle requires centering the most vulnerable in adaptation efforts. The Race to Resilience campaign brings together initiative driving resilience solutions through inclusive, locally-led, and system-informed approaches. This session will highlight how sectors such as water and sanitation, housing, infrastructure, and nature are being transformed through adaptation actions that enhance gender equality, agency, participation, and well-being of those most at risk to create meaningful and lasting impact.

**16:45 - 18:15**

**LOCALLY LED ADAPTATION (LLA) FRAMEWORKS FOR  
GLOBAL FINANCE MECHANISM**

Dhrobotara Youth Development Foundation (DYDF), Gana Unnayan Kendra (GUK), Light House

*Side Event Room 9*

LLA is being widely recognized as an effective, efficient and equitable paradigm of delivering adaptation action. Therefore, the global finance delivery mechanisms (including multi-lateral banks and institutions, bilateral) should integrate LLA framework in their climate policy.

**16:45 - 18:15**

**DRIVING CLIMATE RESILIENCE AND ADAPTATION WITH  
RENEWABLES: SOLUTIONS FOR PEOPLE AND NATURE**

Global Climate and Health Alliance, a project of the Social Good Fund (GCHA), Renewable Energy Policy Network (REN21), Renewables Grid Initiative e.V. (RGI)

*Side Event Room 5*

This event explores renewables as a driver of climate resilience and adaptation, highlighting how integrated energy planning, resilient grids, and nature-positive approaches can support communities, ecosystems, and sustainable development.

# WEEK 1

WEDNESDAY,  
NOVEMBER 12

**17:00 - 18:00**

**CLIMATE FINANCE STRATEGIES FOR MITIGATION AND ADAPTATION IN THE GLOBAL SOUTH**

Brazilian Development Bank (BNDES)

*Axis 6 Thematic Room*

Contact event hosts for more details.

**18:30 - 20:00**

**JUST TRANSITION AND ADAPTATION: A GLOBAL BUSINESS DIALOGUE**

Asociación Regional de Empresas de Petróleo y Gas Natural en Latinoamérica y el Caribe (ARPEL), IPIECA Limited (IPIECA), United States Council for International Business (USCIB)

*Side Event Room 2*

This session explores the role of business in shaping a just transition and climate adaptation. With insights from regional and global leaders, it highlights how private sector innovation can foster inclusive, market-relevant adaptation strategies that support sustainable development.

**18:30 - 20:00**

**RESILIENT TRANSITIONS: INDIGENOUS WISDOM AND INCLUSIVE GOVERNANCE FOR ADAPTATION AND CLIMATE JUSTICE**

Energies 2050, Earth Savers Movement (ESM), University of New South Wales

*Side Event Room 5*

This event weaves Indigenous leadership, artistic expression, and inclusive policy to explore just transitions through ancestral knowledge and community action. Voices from the Global South and North reveal pathways for adaptation, loss & damage, and resilience rooted in equity and cultural wisdom.

# WEEK 1

**WEDNESDAY,  
NOVEMBER 12**

**18:30 - 20:00**

**FINANCING SEXUAL REPRODUCTIVE HEALTH AND RIGHTS FOR  
RESILIENT HEALTH SYSTEMS IN NATIONALLY DETERMINED  
CONTRIBUTIONS (NDCS) & NAPS**

African Development Bank Group (AfDB), UN Development Programme (UNDP), UN Population Fund (UNFPA), and UN Human Rights Office (OHCHR)

*Side Event Room 4*

This session will focus on integrating International Conference on Population and Development (ICPD) principles, including human rights, population, sexual and reproductive health and rights (SRHR), and gender equality, into global climate action like NDCs and NAPs. It aims to unpack strategic activities, launch UNFPA's new handbook on integrating SRHR into national climate policies, explore enabling conditions for gender equality, and focus on capacity development, climate finance, and gender-responsive budgeting for the next NDC cycle. The event will feature panels discussing the integration of SRHR and financing actions under NDC 3.0.

# WEEK 1

**THURSDAY,  
NOVEMBER 13**

**09:30 - 10:30**

**FROM SHORELINE TO SKYLINE: RESILIENT BUILDINGS AND  
INFRASTRUCTURE FOR A CHANGING CLIMATE**

ARUP, American Society of Landscape Architects (ASLA), Center for Climate Change and Environmental Research (C3ER - BRAC University), World Green Building Council

*Peru Resilience Hub*

Global average temperatures continue to rise, exposing nearly 600 million people to coastal flooding due to sea level rise, while the rest of the world faces escalating threats from cyclones, salinity intrusion, droughts, heat stress, wildfires, and other severe climate impacts. These impacts are increasing risk across the built environment sector and the need for integrated resilience strategies has never been more urgent. This session will showcase integrated design and construction solutions that address both adaptation and mitigation, present new methodologies for linking science-based risk assessment to resilient finance, and explore policy and community pathways for scaling innovations in resilient buildings and infrastructure. The session blends real-world case studies, lightning talks, and interactive discussions to generate actionable pathways for mainstreaming resilience into both local and urban planning, along with investment practices.

**11:30 - 13:00**

**ADAPTATION AS A PRIORITY: TURNING GOALS INTO ACTION  
THROUGH FINANCE**

CONCITO, E3G, Institute for Climate Economics (I4CE), Instituto Clima e Sociedade (ICS)

*Side Event Room 5*

This event will focus on financing and means of implementation for climate adaptation, key to achieving and monitoring the adaptation goals and indicators to be defined at COP 30, and to making the adaptation package a driver of action over the next decade.

**12:30 - 13:30**

**WORKSHOP ON CULTURAL HERITAGE AND ADAPTATION TO  
CLIMATE**

Brazilian Ministry of Culture

*Axis 5 Thematic Room*

Contact event hosts for more details.

# WEEK 1

**THURSDAY,  
NOVEMBER 13**

**15:00 - 16:30**

**BRIDGING THE CLIMATE FINANCE GAP: MAKE THE GLOBAL NORTH DELIVER**

Global Law Thinkers Society (GLTS), Perkumpulan Sawit Watch (SW), Rural Reconstruction Nepal (RRN)

*Side Event Room 7*

Private finance is not the answer. Global South communities demand real, public climate finance for adaptation, loss and damage, and biodiversity protection. This event uplifts community-led solutions and calls on the Global North to deliver on their climate debt.

**15:30 - 16:30**

**YOUTH-LED TOOLS AND RISK FRAMEWORKS SHAPING CLIMATE MOBILITY AND ADAPTATION AGENDAS**

Climate Mobility Innovation Lab (CMIL), Global Center for Climate Mobility

*Axis 5 Thematic Room*

Contact event hosts for more details.

**17:00 - 18:00**

**WHO COUNTS AS VULNERABLE? RETHINKING CLIMATE FINANCE ALLOCATIONS**

CGIAR System Organization (CGIAR), Center for Global Development, The World Bank

*Blue Zone FAO/CGIAR pavilion*

This event will present new evidence from the Center for Global Development and the World Bank on measuring vulnerability and resilience. Speakers will discuss how better definitions and measures could ensure climate finance is better allocated to countries that need it most.

**17:00 - 18:00**

**LAUNCH OF THE PLAN TO ACCELERATE SOLUTIONS FOR RESILIENT URBAN INFRASTRUCTURE ORGANIZED BY THE MINISTRY OF CITIES IN PARTNERSHIP WITH UN ENVIRONMENT PROGRAMME (UNEP)**

Brazilian Ministry of Cities

*Axis 4 Thematic Room*

Contact event hosts for more details.

# WEEK 1

**THURSDAY,  
NOVEMBER 13**

**18:30 - 20:00**

**IMPLEMENTATION OF GGA INDICATORS: WATER RESILIENCE  
DRIVEN BY NATURE-BASED SOLUTIONS FROM THE GLOBAL SOUTH**

Centro de Apoyo a la Gestión Sustentable del Agua y el Medio Ambiente (Agua Sustentable), Concordia University, FONPLATA Banco de Desarrollo (FONPLATA), Future Earth International, OPEC Fund for International Development (OFID), Stockholm International Water Institute (SIWI)

*Side Event Room 8*

Global South cities show measurable progress on nature-based water and sanitation projects aligned with draft GGA targets. The event fosters dialogue to align finance and indicators, enabling subnational governments to scale adaptation solutions post-COP 30.

**18:30 - 20:00**

**HARVESTING HOPE: BIG BETS ON LOCALLY LED ADAPTATION FOR  
FOOD SECURITY AND GENDER-RESPONSIVE FARMING**

BRAC (N/A); Huairou Commission Women Homes and Community; Women Organizing for Change in Agriculture and Natural Resource Management (WOCAN)

*Side Event Room 2*

With climate change threatening food systems, women smallholder farmers remain both vulnerable and vital to local resilience. This event highlights bold investments in locally led, gender-responsive adaptation — focusing on climate services, flexible finance, and enabling policies.

# WEEK 1

**FRIDAY,  
NOVEMBER 14**

**09:00 - 12:00**

**INTERNATIONAL MEETING OF PARLIAMENTARIANS AND CIVIL SOCIETY FOR CLIMATE JUSTICE**

Clima de Política, Legislative Assembly of Pará, Parliamentarians for a Fossil Free Future and Federal University of Pará (UFPA), Rede A Ponte

*UFPA (Auditório Benedito Nunes)*

The event will bring together parliamentarians from various countries and civil society leaders with the aim of strengthening legislative action toward a just, accelerated, and adequately financed climate transition.

**09:30 - 10:30**

**LDC CALL TO ACTION TO SUPPORT LDC LEADERSHIP FOR CLIMATE ADAPTATION ACTION**

LIFE AR and LDC Climate Change

*Peru Resilience Hub*

The event's core purpose is to present the key directions emerging from the Strategy Revision, celebrate the progress made by LIFE-AR countries in delivering locally led adaptation, issue a global "Call for Action" inviting governments and philanthropies to invest in the next phase, and build political momentum leading into the 2026 transition.

**09:30 - 10:30**

**AFRICA'S CLIMATE ADAPTATION ACTION**

Africa Adaptation Acceleration Program (AAAP), Finance for Adaptation, Institutional Investors Group on Climate Change (IIGCC), Insurance Development Forum (IDRIMA), Scale for Resilience

*Axis 6 Thematic Room*

Contact event hosts for more details.

**09:30 - 10:30**

**PROGRESS ON LINE 3 OF THE PAS HEALTH ACTION PLAN OF BELÉM, WHICH ADDRESSES MEASURES IN THE HEALTH ECONOMIC-INDUSTRIAL COMPLEX, INNOVATION, PRODUCTION, AND SUPPLY CHAIN FOR ADAPTATION TO CLIMATE CHANGE**

Brazilian Ministry of Health

*Axis 5 Thematic Room*

Contact event hosts for more details.

# WEEK 1

FRIDAY,  
NOVEMBER 14

**10:00 - 11:30**

**INDICATORS FOR WATER AND SANITATION UNDER THE GLOBAL GOAL ON ADAPTATION: WHAT'S AT STAKE AT COP 30 AND BEYOND**

AGWA, French Water Partnership, International Water Management Institute, Sanitation and Water for All, Stockholm International Water Institute, UN Children's Fund (UNICEF), UNDRR, Water for People, Water Aid

*Water for Climate Pavilion, Blue Zone*

Discussing the importance of securing a robust and balanced set of water and sanitation indicators within the expected list of the GGA indicators, while stressing their cross-sectoral relevance and avoiding a siloed approach. The event will highlight why water and sanitation indicators are politically and technically critical, not only for the Global Stocktake and Biannual Transparency Framework, but also as thematic enablers for resilience across Rio Conventions, Sustainable Development Goals and Sendai Framework.

**11:00 - 12:00**

**INNOVATIVE YOUTH, INNOVATIVE FUNDERS: DESIGNING EQUITABLE AND RESILIENT SYSTEMS THAT WORK FOR PEOPLE, PLANET, AND PROSPERITY**

Re-Earth Initiative, Youth4 Nature, Youth Climate Council Alliance

*Peru Resilience Hub*

Innovative youth-led solutions need innovative funders to support and uplift them. Youth are not just participants, but designers and decision-makers reshaping systems — whether in funding, nature-based action, policy, or finance. This event will showcase new systems of valuation and accountability that recognize diverse, long-term, and community-centered impact shaped by young people and vulnerable communities.

**11:00 - 12:00**

**SCALING PRIVATE FINANCE FOR ADAPTATION**

Kuali Fund

*Axis 4 Thematic Room*

Contact event hosts for more details.

# WEEK 1

**FRIDAY,  
NOVEMBER 14**

**11:30 - 13:00**

**STRENGTHENING GGA WITH AIR QUALITY DATA: YOUTH AND DEVELOPING COUNTRY HEALTH-CLIMATE SOLUTIONS**

FIA Foundation, Sustentra Honduras

*Side Event Room 2*

Demonstrating how air quality and short-lived climate pollutant (SLCP) monitoring systems serve as essential health indicators within GGA frameworks, strengthening climate resilience and early warning systems for vulnerable populations.

**12:30 - 13:30**

**INVESTING IN IMPACT - WOMEN ENTREPRENEURS DRIVING CLIMATE INNOVATION & ADAPTATION**

Adaptation Fund Climate Innovation Accelerator (AFCIA), Climate Bridges, Global Cleantech Innovation Programme (UNIDO), Women Entrepreneurs Finance Initiative (We-Fi, World Bank), World Food Programme (WFP)

*UNFCCC Thematic Hub - Axis 6 Thematic Room*

This dialogue convenes the AFCIA, UNIDO's Global Cleantech Innovation Programme Women Entrepreneurs Finance Initiative (World Bank), and WFP to accelerate climate innovation and scale up finance for women entrepreneurs unlocking triple wins for gender, jobs, and climate.

**12:30 - 13:30**

**SHARK TANK — FROM RESILIENCE WASHING TO REAL IMPACT: BUILDING INTEGRITY AND ALIGNMENT ACROSS ADAPTATION FINANCE TRANSACTIONS**

Ambition Loop, Climate Bonds Initiative, KPMG

*Resilience Hub Pavilion, Blue Zone*

This session connects two critical parts of the climate finance architecture: integrity and mobilization. By bringing together actors behind frameworks like the KPMG-Standard Chartered Bank UNDRR Guide for Adaptation & Resilience Finance, the Climate Bonds Initiative's Resilience Taxonomy, and capital mobilization efforts such as the Ambition Loop's Earth Investment Engine (EIE), this session explores how to embed resilience integrity into financial systems and move capital where it matters most.

# WEEK 1

FRIDAY,  
NOVEMBER 14

**13:15 - 14:45**

**ADAPTATION IS DEVELOPMENT IN A CLIMATE-DISRUPTED WORLD**

Natural Resources Defense Council (NRDC)

*UNFCCC Pavilion*

Contact event hosts for more details.

**13:15 - 14:45**

**ADAPTATION FOR ALL: INCLUSIVE PATHWAYS FOR THE GLOBAL SOUTH**

Natural Resources Defense Council (NRDC), Observer Research Foundation (ORF), Solidaridad Network

*Side Event Room 2*

Adaptation is development in a climate-disrupted world. We explore pathways to mainstream adaptation into planning, scale risk-informed infrastructure, and enhance community resilience — leveraging digital tools, decentralized governance, and cross-sector partnerships.

**14:45 - 15:45**

**BUILDING THE CITIES OF THE FUTURE: INVESTING IN RESILIENT URBAN INFRASTRUCTURE**

3rd Council On Energy, Environment and Water (CEEW)

*Unamaz Pavilion, Green Zone*

Contact event hosts for more details.

**15:00 - 16:30**

**FROM TARGETS AND INDICATORS TO ACTION ON THE GROUND: IMPLEMENTING THE UAE GLOBAL FRAMEWORK FOR TRANSFORMATIVE CLIMATE-RESILIENT WATER AND SANITATION**

Water for People, Water Aid, Sanitation and Water for All, AGWA, Stockholm International Water Institute, UNDRR, UNICEF, French Water Partnership

*Water for Climate Pavilion, Blue Zone*

Looking beyond COP30 and explore the work needed to implement the UAE Framework for Global Climate Resilience. This session will connect indicator adoption with the practical needs of monitoring, evaluation, and learning (MEL), and will reflect on what water and sanitation practitioners need to turn targets and indicators into actionable guidance, finance, and systemic resilience on the ground.

# WEEK 1

**FRIDAY,  
NOVEMBER 14**

**15:00 - 16:30**

**TRANSFORMATIONAL ADAPTATION FROM THE GLOBAL SOUTH:  
RACE, GENDER, AND TERRITORIES IN THE GGA**

Carleton University, Conectas Human Rights, Geledés — Black Women's Institute, Institute of Studies on Religion (ISER)

*Side Event Room 8*

Transformational adaptation with racial, gender, intergenerational, territorial, and human rights justice, grounded in experiences from the Global South. Featuring community voices, authorities, and movements to influence the GGA negotiations with solutions rooted in local communities.

**15:30 - 16:30**

**UNLOCKING FINANCE FOR ADAPTATION: INTEGRATED PUBLIC  
AND PRIVATE SECTOR EFFORTS**

BNDES

*Axis 4 Thematic Room*

Contact event hosts for more details.

**16:45 - 18:15**

**FINANCING RESILIENT BUILT ENVIRONMENT: SOLUTIONS FOR  
INFRASTRUCTURE, HOUSING AND INFORMAL SETTLEMENTS**

Build Change, Habitat for Humanity International, International Federation of Consulting Engineers (FIDIC), World Green Building Council

*Side Event Room 8*

This session will explore how inclusive partnerships, community-led housing, and policy action can help align climate policies and funding with the needs of urban poor communities and build resilience from the ground up.

# WEEK 1

**FRIDAY,  
NOVEMBER 14**

**16:45 - 18:15**

**CRYOSPHERE ADAPTATION AND DISASTER RISK REDUCTION:  
LESSONS LEARNED AND NEXT STEPS FOR THE HINDU KUSH  
HIMALAYAN (HKH) REGION**

International Center for Integrated Mountain Development (ICIMOD),  
Pakistan

*Side Event Room 4*

The session aims to deliberate on cryosphere risks with special focus on local leanings on accelerated glacial melt in the Hindu Kush Karakoram region and formulate unified recommendations for managing risks to communities and economies through grounded adaptation strategies.

**17:00 - 18:00**

**THE MINISTRY FOR THE FUTURE: IMAGINING INNOVATIVE MODELS  
FOR ADAPTATION FINANCE**

Resilience Frontiers

*Peru Resilience Hub*

By blending foresight, storytelling, and systems thinking, the discussion will provoke fresh ideas on how societies can finance resilience in ways that are just, catalytic, and future-facing. The session will invite participants to imagine a financial system that values long-term planetary stability and collective resilience as much as short-term returns. It aims to spark creative connections between policy, imagination, and innovation, helping to unlock new pathways for adaptation finance that are inclusive, equitable, and transformative.

**18:15 - 19:30**

**PERU-RESILIENCE HUB AND MANAGING PARTNER RECEPTION**

Resilience Frontiers

*Peru Resilience Hub*

Contact event hosts for more details.

# WEEK 1

**SATURDAY,  
NOVEMBER 15**

**09:30 - 10:30**

**CO-DESIGNING INFRASTRUCTURE WITH NATURE AND COMMUNITIES**

Bentley Systems, International Coalition for Sustainable Infrastructure (ICSI), Lobelia, Mahila Housing Trust

*Peru Resilience Hub*

This session brings together engineers, planners, technology specialists and community leaders to explore how a co-designed, nature-positive infrastructure can align climate, biodiversity, and equity goals. Participants will share lived experiences, testing approaches, and reflecting on how to embed standards, digital tools, and community knowledge into decision making, ultimately enhancing the resilience of the infrastructure and reducing vulnerability for both people and nature.

**10:30 - 12:00**

**THE COP 30 HIGH-LEVEL MINISTERIAL ON SOLIDARITY LEVIES**

Global Solidarity Levies Task Force (GSLTF)

*Special Events Room 2 Madeira, Blue Zone*

The first-ever coalition of the willing on a solidarity levy for climate and development finance — the Premium Flyers Solidarity Coalition — will make announcements expanding their membership and deepening their commitments to introduce solidarity levies in aviation on business class, first class and private jets. The event will also feature the official launch of the GSLTF's COP 30 report, "The Untapped Potential of Solidarity Levies". This will set out recommendations for implementing solidarity levies across sectors including fossil fuels, financial transactions, aviation, shipping as well as novel ideas such as cryptocurrencies. In doing so, it will outline a forward-looking political agenda on solidarity levies for the GSLTF and the international community to pursue in the years ahead.

# WEEK 1

**SATURDAY,  
NOVEMBER 15**

**11:30 - 13:00**

**BAMBOO FOR CLIMATE CHANGE MITIGATION AND ADAPTATION OF SMALLHOLDER AND COMMUNITIES IN GLOBAL SOUTH**

International Network for Bamboo and Rattan (INBAR), World Vision International (WVI)

*Side Event Room 2*

Bamboo is food, fodder, biomass, timber, plastic substitute, construction material, fiber-lending itself for value addition into low carbon products. Bamboo growing and value addition provide on farm and off-farm jobs & income improving resilience. This session will showcase development models and lessons learnt.

**12:30 - 13:30**

**BIODIVERSITY AND ADAPTATION**

Enhancing Nature-based Solutions for an Accelerated Climate Transformation (ENACT)

*Axis 2 Thematic Room*

Contact event hosts for more details.

**13:15 - 14:45**

**FROM PLANNING TO IMPLEMENTATION: SHOWCASING GHANA AND MADAGASCAR'S NAP PROCESS**

Global Green Environmental Network (GLOGEN), Madagascar, Omega Institute for Holistic Studies, Inc. (Omega Institute)

*Side Event Room 7*

Highlighting Ghana and Madagascar's journey from planning to action under their NAPs. This side event showcases practical steps, partnerships, and innovations driving climate resilience with a focus on integration, financing, and inclusive implementation.

# WEEK 1

**SATURDAY,  
NOVEMBER 15**

**14:00 - 14:50**

**CLIMATE COUNCIL CASE FOR INVESTING IN ADAPTATION NOW**

International Climate Councils Network

*Australia Pavilion*

Join the International Climate Councils Network for the launch of a joint report written by adaptation experts around the world: “The Climate Council Case for Investing in Adaptation Now” at COP 30. Showcasing cost-benefit analysis in climate resilience measures, this event will bring to the forefront reasons why we should act early in our response to climate change impacts. Climate councils will bring to life tangible examples of policy measures to achieve the Global Goal on Adaptation, from water management in Canada to infrastructure development in South Africa and poverty alleviation in Guatemala.

**15:00 - 16:30**

**HEALTH PRIORITIES IN THE CLIMATE TALKS: FROM RHETORIC TO ACTION: A FOCUS ON ADAPTATION**

International-Lawyers.Org (INTLawyers), Instituto de Salud Global de Barcelona (ISGlobal)

*Side Event Room 5*

This event moves beyond rhetoric, leveraging recent landmark advisory opinions and State Parties’ statements to identify actionable pathways for resourcing health adaptation priorities.

**16:45 - 18:15**

**CENTERING INCLUSION, ADAPTATION, AND LOSS & DAMAGE IN THE GLOBAL STOCKTAKE (GST)**

International Youth and Student Movement for the United Nations (ISMUN), Rheinische Friedrich-Wilhelms-Universität Bonn, University of Geneva, West African Science Service Centre on Climate Change and Adapted Land Use (WASCAL)

*Side Event Room 6*

How can the GST deliver just outcomes across regions? This panel highlights inclusive strategies for adaptation and loss & damage, with a focus on West Africa and the contributions of youth, researchers, and civil society to climate governance.

# WEEK 1

**SATURDAY,  
NOVEMBER 15**

**16:45 - 18:15**

**CLIMATE CHANGE ROUTE: EXPLORING URBAN ADAPTATION SOLUTIONS**

Association of Sustainable Ecological Engineering Development (ASEED), Institute of Environmental Well (IBAM),

*Side Event Room 7*

The event aims to explore the best urban adaptation practices to climate change in Brazilian cities while documenting irreversible climate impacts in selected locations. As part of a broader IBAM-led initiative, a journey will collect data, interview experts, and showcase innovative solutions.

**16:45 - 18:15**

**BRIDGING WATER RESILIENCE: ECONOMICS OF WATER-RELATED CLIMATE ADAPTATION AND MITIGATION**

International Fund for Agricultural Development (IFAD)

*Side Event Room 9*

Contact event hosts for more details.

**17:30 - 20:00**

**INFORMAL ADAPTATION CAMPAIGN HUB HUDDLE**

United Nations Foundation

*Resilience Hub (Blue Zone)*

Informal in-person meetup of the Adaptation Campaign Hub at the Resilience Hub in the Blue Zone. Look for Cristina Rumbaitis del Rio, Senior Advisor on Adaptation, UN Foundation.

**17:30 - 20:00**

**DEVELOPMENT AND CLIMATE DAYS: EVENT AND RECEPTION**

DanChurchAid, Global Resilience Partnership, International Institute for Environment and Development (IIED), Netherlands Ministry of Foreign Affairs, Red Cross and Red Crescent Climate Center, and Wellcome Trust

*Resilience Pavilion*

Recommendations from adaptation practitioners, collected at the Development and Climate Days online event, will be shared by COP 30 participants. This event will be followed by a reception at 18:30.

# COP 30 CLIMATE ADAPTATION EVENTS

## WEEK 2

**MONDAY,  
NOVEMBER 17**

**09:30 - 10:30**

**UNDP: “UNLOCKING ACCESS: TACKLING STRUCTURAL BARRIERS THROUGH LOCALLY-LED ADAPTATION”**

UNDP

*Axis 5 Thematic Room*

Contact event hosts for more details.

**10:30 - 12:00**

**ADAPTATION FUND HIGH LEVEL CONTRIBUTOR DIALOGUE**

Adaptation Fund, PCOP 30

*SE Room Madeira (Square-40)*

Contact event hosts for more details.

**10:30 - 11:50**

**PRIVATE INVESTMENTS IN ADAPTATION ON THE LOCAL LEVEL**

DanChurchAid

*Danish Pavilion*

Can private investments contribute to adaptation on local level? And in that case, what is needed to make it happen?

**16:45 - 18:15**

**BUILDING CLIMATE-RESILIENT TRANSPORT SYSTEMS: EMPOWERED BY GEOSPATIAL DATA**

Economic Commission for Europe (ECE)

*Side Event Room 8*

The event explores climate-resilient transport systems and the integration of inland transport into NDCs, featuring geospatial risk analysis tools and national initiatives to reduce disruption and enhance adaptation, addressing not only mitigation but also adaptation, an aspect often absent in NDCs.

# WEEK 2

**MONDAY,  
NOVEMBER 17**

**17:00 - 18:00**

**EMPOWERING WOMEN ENTREPRENEURS FOR A CLIMATE-RESILIENT  
FUTURE**

Gates Foundation, IDB Invest, Project Dandelion

*Joint MDB Pavilion, Blue Zone*

This event will present the role of women as key drivers of climate resilience, highlight how MDBs can accelerate women entrepreneurs' contributions to climate action, and showcase potential ecosystem-level solutions that foster inclusive and sustainable growth.

# WEEK 2

**TUESDAY,  
NOVEMBER 18**

**11:30 - 13:00**

## **LOSS AND DAMAGE FINANCE IN A WARMER EARTH**

An Organization for Socio-Economic Development (AOSED), Arab Office for Youth and Environment (AOYE), Facultad Latinoamericana de Ciencias Sociales (FLACSO), Norwegian Refugee Council (NRC), Refugees International

*Side Event Room 4*

This event reviews progress on the Loss-and-Damage Fund (FRLD), prioritizing the accessibility for vulnerable states availing FRLD funding, legally-binding compensation from high-emission states and corporations in adaptation and loss-and-damage funds, and safeguards to keep funds growing as warming intensifies.

**12:00 - 13:00**

## **YOUTH-LED TRANSFORMATION: DRIVING CLIMATE ACTION AND RESILIENT FOOD SYSTEMS**

Alliance for a Green Revolution in Africa (AGRA), FAO, Global Citizen, UN University (UNU)

*CGIAR/FAO Pavilion PV-E170, Blue Zone*

The session brings together expert insights on enabling conditions, policy ecosystems, financing, and equity required to scale youth-led climate and food system innovations, highlighting “returns on resilience” and showcasing youth-driven success stories from African food systems.

**12:30 - 14:00**

## **ADAPTATION & MITIGATION LINKAGES**

PCOP 30

*SE Room Parnaíba (Theatre)*

Contact event hosts for more details.

# WEEK 2

**TUESDAY,  
NOVEMBER 18**

**13:15 - 14:45**

**PROMOTING SMALLHOLDER PROJECTS FOR NET-ZERO AND BEYOND**

American Forest Foundation (AFF), Association of Natural Rubber Producing Countries (ANRPC)

*Side Event Room 6*

Natural rubber production systems and Agroforestry plays a key role in adapting to and mitigating climate change. The side event aims to facilitate an exchange of views on low-carbon growth that supports smallholder livelihood.

**16:45 - 18:15**

**MOBILIZING FINANCE TO DELIVER ON GLOBAL GOAL ON  
ADAPTATION: PATHWAYS AND PARTNERSHIPS**

Biovision Foundation for Ecological Development (BV), CGIAR, International Institute for Sustainable Development (IISD)

*Side Event Room 9*

This event explores strategies to unlock and align finance with the Global Goal on Adaptation, highlighting approaches such as transformational adaptation as a guiding approach to reshape investments, partnerships, and country experiences to drive investment for climate resilience.

# WEEK 2

**WEDNESDAY,  
NOVEMBER 19**

**10:00 - 13:00**

**[MANDATED EVENT] INAUGURAL BAKU HIGH-LEVEL DIALOGUE ON ADAPTATION**

UNFCCC

*Meeting Room 19, Area C*

The event will be webcast at:

[unfccc.int/event/baku-high-level-dialogue-on-adaptation-mandated-event](https://unfccc.int/event/baku-high-level-dialogue-on-adaptation-mandated-event)

**10:30 - 12:00**

**AGRICULTURE MINISTERIAL - "RESILIENT AGRICULTURE INVESTMENT FOR NET ZERO LAND DEGRADATION - RAIZ"**

Brazilian Ministry of Agriculture and Livestock

*SE Room Parnaíba (Theatre)*

Contact event hosts for more details.

**12:30 - 13:30**

**INTEGRANDO MULHERES NO COMBATE À CRISE CLIMÁTICA E NA CONSTRUÇÃO DE SOCIEDADES RESILIENTES**

Brazilian Ministry of Women and UNWomen

*Axis 5 Thematic Room*

Contact event hosts for more details.

**12:30 - 13:30**

**EXPLORING INCLUSIVE CLIMATE GOVERNANCE THROUGH THE GLOBAL ETHICAL BALANCE**

Avina, Argentina 1.5

*Resilience Hub Pavillion*

This session explores how the Global Ethical Balance can serve as a framework to rethink and strengthen more inclusive and ethical climate governance, and how this vision could evolve into formal and permanent participatory spaces within the UNFCCC architecture.

**13:00 - 14:00**

**SCALING-UP ADAPTATION FINANCE: A PERSPECTIVE FROM PAKISTAN**

Concern Worldwide & Mercy Corps

*Pakistan Pavilion*

Contact event hosts for more details.

# WEEK 2

**WEDNESDAY,  
NOVEMBER 19**

**13:15 - 14:45**

**LOCAL LEADERSHIP FOR GLOBAL ADAPTATION: CONNECTING AMBITION, ACTION AND RESILIENCE**

ICLEI-Local Governments for Sustainability (ICLEI), International Federation of Red Cross and Red Crescent Societies (IFRC), Lincoln Institute of Land Policy (LILP)

*Side Event Room 2*

COP 30 success relies on implementation. This session focuses on highlighting good practices related to climate adaptation in urban centers and initiatives that showcase inspiring local-oriented and led solutions towards resilient territories, bringing global sustainable agendas to the ground.

**15:00 - 16:30**

**MOBILISING YOUTH POWER TO INCREASE ADAPTATION FINANCE FOR A CLIMATE-RESILIENT AFRICA**

African Coalition for Sustainable Energy and Access (ACSEA), World Future Council (WFC)

*Side Event Room 7*

This side event will spotlight how youth-led advocacy, through the Youth for Adaptation Finance in Africa Initiative, is shaping policies, demanding justice, and unlocking adaptation finance to secure Africa's future in a changing climate.

**16:45 - 18:15**

**ADAPTATION FUTURES 2025: LESSONS FOR POLICYMAKERS AND COMMUNITIES**

New Zealand, University of Canterbury (UC)

*Side Event Room 1*

The World Adaptation Science Programme's 2025 Adaptation Futures Conference brought together researchers, indigenous leaders, communities, businesses and policy-makers. This side-event explores key lessons from this conference for policymakers and communities.

# WEEK 2

**WEDNESDAY,  
NOVEMBER 19**

**16:45 - 18:15**

**TERRITORIES THAT SUSTAIN THE CLIMATE: USE OF LOCAL FUNDS TO SCALE NATURE BASED SOLUTIONS AND ADAPTATION IN PLANET'S FORESTS**

Casa Socio-Environmental Fund (Casa Fund), Grupo de Trabalho Amazonico (GTA)

*Side Event Room 3*

This panel brings together activist, community, and territorial fund leaders from the most important forest basins on the planet to share concrete experiences of directly supporting locally-led nature-based solutions.

**18:30 - 20:00**

**JUSTICE-CENTERED ADAPTATION: LOCALLY-LED CLIMATE ACTION ACROSS KNOWLEDGE SYSTEMS AND GENERATIONS**

Appui Solidarité pour le Renforcement de l'Aide au Développement (ASRAD), International Development Research Centre (IDRC), Voluntary Association of Agriculture, General Development Health & Reconstruction Alliance (VAAGDHARA)

*Side Event Room 6*

This session explores justice-centered adaptation by bridging Indigenous knowledge, youth leadership, rights, finance, creativity, and policy. It offers concrete examples to demonstrate how equitable, context-aware solutions can transform how we plan, fund, and implement adaptation.

# WEEK 2

**THURSDAY,  
NOVEMBER 20**

**09:30 - 10:30**

**FOCUS ON THE PLAN TARGETING URBAN PERIPHERIES. DISCUSS CLIMATE RESILIENCE ACTIONS FOCUSED ON URBAN PERIPHERIES AND MARGINALIZED POPULATION**

Brazilian Ministry of Cities and Brazilian Ministry of Racial Equality

*Axis 4 Thematic Room*

Contact event hosts for more details.

**11:15 - 12:15**

**LANDING THE GGA IN THE TERRITORIES**

Task-Force Adaptation as a Priority, Decodifica Institute, Palmares Lab, LAYCS, Pazinde and Talanoa

*Regional Climate Pavilion*

Contact event hosts for more details.

**13:15 - 14:45**

**A CLIMATE RESILIENT TRANSITION: WHY ADAPTATION AND RESILIENCE PATHWAYS MUST BE FUNDED**

ACT Alliance, Bread for the World, Act Church of Sweden, DanChurchAid (DCA and FKN)

*Side Event Room 7*

Finance must support just transitions encompassing people-centered and locally led adaptation and resilience actions in a changing climate. This has to be done in an equitable manner in the context of sustainable development.

**15:00 - 16:30**

**CLIMATE REALITIES ON THE FRONTLINES: VOICES FROM AFFECTED COMMUNITIES AND HUMANITARIAN RESPONDERS**

Médecins Sans Frontières International (MSF), Doctors for the Environment Australia (DEA)

*Side Event Room 6*

This high-level event will highlight how climate change is impacting frontline communities, and how the intersection of humanitarian action and community leadership can support adaptation and responses strategies grounded in climate justice and be featured in the GGA and L&D funding discussion.

# WEEK 2

**THURSDAY,  
NOVEMBER 20**

**16:45 - 18:15**

**BRIDGING THE FUNDING GAP: SCALING FINANCE FOR CLIMATE  
ADAPTATION IN DEVELOPING COUNTRIES**

Mercy Corps, Concern, ODI, Plan, Practical Action

*Side Event Room 9*

Adaptation remains underfunded. With the Glasgow Commitment sunsetting this year, COP 30 needs to put adaptation finance as a political and urgent priority and leaders should elevate adaptation finance in all forums. The event will evaluate progress made and explore how to deliver on adaptation.

**For adaptation messaging and resources, visit the  
[Adaptation Campaign Hub](#).**
