

Here is a discussion guide to use with your family/friends after listening to this week's message:

Share something that God has been teaching/revealing to you this week in the midst of this craziness?

-Hebrews 10:14 says that we are being made holy. Some versions say sanctified, which by definition is the "process of being made holy". Is there an area of your life that God is leading you to work on to be more like Him? Would you be willing to share it?

-Our greatest problem in life is our sin. Jesus took care of our sin on the cross, which should free us up to live as free people. Why do you think it's so difficult to live as a free person, to not worry, and to trust Him in spite of this?

-God designed us to live in community. That's been slightly interrupted this week. Reach out to 3 people this week and check in on them and pray for them now. If you need contact information download the church's mobile directory, FIGO.
