

Dysfunctional Families

Humility - Small Group Questions

Read Philippians 2:1-11

Why do we struggle to be humble?

On Sunday we looked at the humility Jesus showed throughout his life in dealing with his own dysfunctional family:

Humility helps us grow - Humility honors - Humility obeys - Humility waits - Humility cares

Which of these or another aspect of humility do you struggle with currently?

Russel Moore said, *"Family humbles us. Family humiliates us. Family crucifies us. That's because family is one of the ways God gets us small enough to fight the sort of battle that can't be won by horses or chariots but only by the Lord."*

Can you think of a time when God used your family to humble you? Would you be willing to share?

Take some time to pray as a group for the humility needed to interrupt the dysfunction in our lives.
