

AmazonSmile

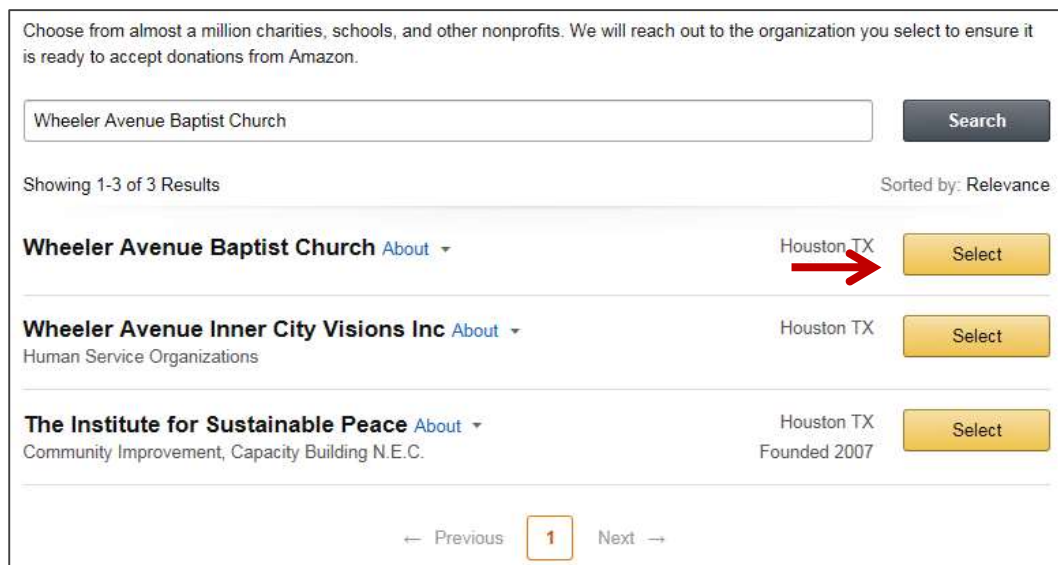

1. Open a browser window (i.e., Chrome, Safari, Firefox, IE, etc.) on your laptop, desktop, or mobile device. Type in **smile.amazon.com** in the command area of your browser. Click **Enter** (or Go).

2. Use your standard Amazon.com login and password to access AmazonSmile.
3. Once on the page, a popup window should appear directing to choose a charity. Under "Or pick your own charitable organization," type in **Wheeler Avenue Baptist Church** and click **Search**.

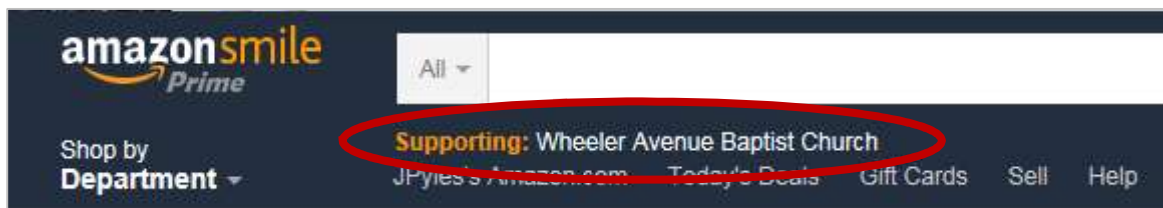

4. Click the **Select** button next to Wheeler Avenue Baptist Church. You have now selected the Wheeler to receive donations from your purchases through Amazon.

5. A "Thank You" window should pop up on screen. Note that although the percentage is small, the volume of purchases made through Amazon will make a difference.

6. Once you have made your selection and each time you log in to AmazonSmile, you should see Wheeler Avenue Baptist Church as the organization you are supporting in the main banner. If you are an Amazon Prime member, your Prime features (i.e., 2-day free shipping) will still apply.

Special Note:

AmazonSmile donations are currently only available through browser purchases and *not* through the Amazon app on your mobile devices. However, there is a workaround, but it requires an extra step.

If you use the Amazon app on your mobile device or tablet, you can shop and send your purchases to your cart through the app. You would then have to open a browser window (Chrome, Safari, Firefox, IE, etc.) on your device and go to smile.amazon.com. The items in your cart will still appear, and you can then purchase the items in the cart through the browser.
