

WELCOME TO CLOUDADDRESSING™!

Version 2, July 21, 2017

Welcome to CloudAddressing™!

CloudAddressing is an easy-to-use, cloud-based CASS, NCOA^{Link®} and Presort service that simplifies the process of preparing, updating, and submitting Mail.dat files of any size directly to *PostalOne!*®.

Throughout the CloudAddressing site short, instructional videos are provided to help you. This same information is also provided in PDF format. Click the corresponding icon that best suits your needs.

Each page of the registration process contains icons for each media format, that will contain instructions applicable to that specific page. Click whichever corresponding icon suits your needs.

To begin the registration process for your company, which is a necessary one-time function for using CloudAddressing, click the **Register Now** button located on the site's home page.
