

NEW SOURCE OF REVENUE FOR YOUR AGENCY

Agents Get New Revenue With No Investment By Adding A ZPAGE Link To Any Customer Order

WHAT IS IT? **ZPAGE** is a new and simple posting app that takes any file or from your computer and instantly posts it online and then sets your customer's mobile number as the locator or URL. This simple process provides an online presence for millions of small businesses, freelancers, etc. This can be a flyer, poster, schedule, event details etc. Documents can include pics, links. It will be a major value for your customers.

WHAT IS THE OPPORTUNITY? Your agency can offer this upload option as part of any normal business order. The customer would pay you a customer service fee to upload content which takes minutes. Nothing to install - all software is stored in the cloud and managed by **ZPAGE**.

WHAT IS REVENUE POTENTIAL? All charges can be set by you and typically range between \$100.00 for the initial upload and \$5.00-25.00 for future edits and uploads.

WHAT ARE THE COSTS? **ZPAGE** will provide all processing, partner support, maintenance, and ongoing storage for a one-time charge of \$50.00 ONLY when you register a new phone number and complete the initial upload. There are no costs for any future changes - your agency keeps 100% of what you decide to charge for the upload service and future updates.

WHAT ARE BENEFITS? **ZPAGE** plans to conduct marketing programs in your area and will refer any customer looking for a sign-up station to your shop. People would bring their flyer into your shop for print services, or to engage you to create a profile or any other of your services. This will generate new revenue and new customers. Also, you will be providing your customers with permanent online page that they can use in their business as their webpage.

WHAT ARE SOME EXAMPLES? To see some examples, go to <http://ZPAGE.CO> and use the following phone number in the entry box:

650-561-6030 or use URL syntax <http://zpage.co /1/6505616030>, and then try with a suffix: 6505616030/zpage or URL syntax <http://zpage.co /1/6505616030/zpage>

If you are interested, please reply to this email and I will organize a call and provide you details of how **ZPAGE** will increase store traffic and revenue.

Thanks and regards
