

Let's discuss when we can. I have tried to organize an open items list for easy review and management.

Item #	Item	Issue	Owner	Date Due
<b>BUGS</b>				
1.	Get Started Menu And process	On getting started menu: Not allowing spaces or other char w in suffix If v-code entered wrong no way to reenter No resend – must end session and restart	HC + K	nn-sep
2.	When no page on system	When NO PAGE TO DISPLAY message –" try another number" not responding	HC + K	
3.	Suffix display	Include suffix in phone number display in black bar when content displayed <b>ALSO remove case sensitive in suffix string</b>	HC + K	
4.	www no display	<a href="https://www.zyppages.com/">https://www.zyppages.com/</a> not active	HC + K	
5.	Examples on opening	Examples need to be real. Memo sent with suggested replacements	HC + K	
<b>OPEN ITEMS</b>				
6.	Transaction logs	transaction logs for ZYPPAGES and system logs for "ZYPLINE." Found screen shots for Zyppages <a href="https://zyppages.com/1/6505616030/picoldlogs">https://zyppages.com/1/6505616030/picoldlogs</a> <a href="https://zyppages.com/1/6505616030/logstwo">https://zyppages.com/1/6505616030/logstwo</a>		
7.	Admin direct Posting of pairs	Need Internal admin function to create posting pairs (back-end) for any real or fake number w or w/o suffix. (BUT once a user creates a post directly then admin posting is blocked. (code in logs to indicate posting source). Posting does not have to be phone number e.g., 8181		
8.	Menu to select viewing options	Need a better and 'bigger' viewer selection menu – top right on results page		
9.	Access old files	old data files * Copy to new Zyppages.com, OR maybe link or use API		
<b>NEW PROJECTS</b>				
10.	Suffix Management	Outline requirements done (RK)	RK	16 Sep
11.	Agent Portal	Outline requirements in process	RK	19 Sep
12.	Agent Website	Landing page for agents and users		
13.	Billing system	Subscriptions + other and user self-selection		
14.	Agent accounting	Full accounting and detailed files summary		
15.	White Label	API and entry box code – maybe WP widget		
16.	Landlines	Venues would prefer business lines— see IVR		
17.	Key Words Premium	Design system when resource available
