WINE PROGRAM

Curated by Owner / Wine Director David Gabiné, Le Central's award winning wine program focuses on wines from France and the United States' West Coast regions. Since we do not carry wines from other wine regions of the world, we like to find common grape varieties native to those regions that are grown here in California. Putting an emphasis on finding wines that compliment our cuisine, as well as finding wines that suit every budget is one of our main priorities.

With an ever revolving selection, David likes to seek out smaller production wines from lesser known and "Up and coming" producers, and producers using organic, biodynamic, and sustainable farming practices whenever possible. We also like to showcase interesting varietals and wines of value from lesser known French regions, often featuring those wines by the glass. We challenge you to try something new, something you have never had before, something you may have never even heard of before, we want you to explore the wonderful world of wine with us.

Many of our wines are allocated and we do not get very many bottles of those wines, especially when it comes to more mature bottles. As much as we try to stay on top of our wine list there may be bottles that are out of stock, but rest assured, we will try to find something comparable that you will enjoy just as much!

We welcome you to bring a special bottle from home as long as we are not currently serving the same wine on our list. There is a corkage fee of \$35 per 750ml. bottle. We will waive the corkage fee (up to two bottles) for every bottle purchased from our list.

Santé
