SUPPLY LIST EMBROIDERY ZEN II LITE ONLINE:

Ready-made blanks and stabilizers and threads for **Sulky Embroidery Zen II LITE** are available separately. (See links below and at the end of the supply list along with kits and special discount information.)

Choose fabrics needed to your liking from your stash (noted below). Cut stabilizers at least 2" larger than your chosen hoop. Use the smallest hoop possible for best results for most embroidery. However, in some of the Embroidery Zen classes you will learn when it is better to use a larger hoop to support an "unhoopable" project or to combine designs.

* indicates a thread used more than once in this Zen II Lite course

GENERAL SEWING SUPPLIES

Target Stickers:

The Target Stickers we use in Zen I and Zen II are on our website from www.dzgns.com. The long (text) Target Stickers are a special put-up included in one of their large placement packs and not available for purchase separately.

<https://www.sulky.com/item/embroidery-target-stickers>

OR...BETTER YET: You could print your own using the template provided in the course, using a sheet of Sulky Stick 'n Stitch (not included)... <https://www.sulky.com/item/stick-n-stitch-8-12-x-11-printable-sheets>

Sulky Supplies: All Sulky products are available for purchase on our website now: www.sulky.com. So, if you find you have most of these items in your stash, you can just purchase what you still need.

IMPORTANT NOTE: Please use the Sulky products recommended. Results may vary and may not be as satisfying to you using other brands.
