

Eagle Preschool Curbside

Curbside drop off and curbside pick-up is a service that we offer August through May. Morning drop off and afternoon pick up are available. You may choose drop off only, pick up only, or both. Links to sign up will be listed for each month on the website under our resources page, as well as in our monthly newsletters. This sign-up will be available for the entire year with monthly deadlines in place. These payments are non-refundable.

Payment will be per family. If carpooling, **each family participating** must sign-up separately. When a family with multiple children participates, please sign up with your oldest child's program in mind. Once you sign up, you will receive a car window sign in your child's folder. A map is on the back of the sign to show you where to pull up. Signs of all families in the car must be displayed to ensure proper pick-up/drop-off. If you sign up for August curbside, you will receive your car window sign at Open House.

Once the teacher approaches your car, please exit your vehicle, and assist your child in getting out of the car. Teachers will not be opening car doors, unbuckling, or securing children into seats.
