ALL CHURCH INTERGENERATIONAL RETREAT

"Drawn In"

One thing that the pandemic has highlighted is that many of us spent too much time being "driven" rather than "drawn in." We focus on what we "should" do rather than what we feel excited and compelled to do in our lives, in this world. Things like: Connect with your inherent creativity, renew our congregation's energy for passionate work, delightful play and creative problem solving to make this world a better place for all, now more than ever this feels like God's call to us. All creation began with the dream of God, the will and intention for life to exist in the void. All of our actions are born out of desire, out of a dream and vision for the future. This is our birthright: to imagine and to create. What brings you alive? What truly moves your soul in the deepest way? What you create out of that answer is your greatest gift to the world and the way in which you are part of God's unfolding and ongoing creative dream. Come and dream and play with your church family!

The Rev. M. Elizabeth Wagner is a full-time transitional pastor. She has helped churches grieve beloved pastors, deal with dwindling resources and top-heavy staff, and helped churches sell buildings and merge with other congregations to create new opportunities for service to the wider community. Beth enjoys using the in-between times in churches to explore creative worship and experiences to help churches and church members discover what God is calling them to do next.
