

Masters in Trial Policies and Procedures Overview

The ABOTA Masters Education Program is a highly successful, patented and trademarked program for teaching civil trial skills. It was created and is sponsored by the ABOTA Foundation. The programs include:

- Masters in Trial
- Masters in Jury Selection
- Masters in Cross Examination
- Masters in Opening Statements and Closing Arguments
- Masters in Direct and Cross Examination of Experts
- Masters Ultimate Trial Notebook
- And others

Masters Education Programs are presented by ABOTA Chapters in conjunction with and under the sponsorship of the ABOTA Foundation. Coordination with the ABOTA Foundation and its staff is vital to ensure program quality and consistency, and also so that appropriate support including marketing, venue organization, and other critical support functions can be provided to the Chapter. Chapters are not permitted to organize and conduct Masters-designated programs without the approval of the ABOTA Foundation Professional Education Committee and coordination with the ABOTA Foundation Office. Chapters are, of course, encouraged to conduct other educational programs not duplicative of or designated as Masters Programs, such as Civility Matters programs and mini Jury Summits.

To conduct a “Masters”-branded program, Chapter leaders need to initiate coordination with the ABOTA Foundation well in advance of the anticipated program date. Generally, the Masters Program schedule for the calendar year is established by June of the preceding year and thus early proposal submission is vital to a successful program and to secure appropriate coordination with the ABOTA Foundation and the ABOTA Professional Education Committee. Due to the need for extensive marketing, as well as the other preparation work required by staff to ensure a successful program, only a limited number of Masters Programs can be conducted each year.

To begin planning for a Masters program, a chapter should submit a “Chapter Request for Masters Education Program” form to the Foundation as early as possible and in any event prior to the spring meeting of the ABOTA National Board.

Chapter officers or others interested in organizing a Masters-branded program should contact Molly Laurence mollyl@abota.org at the ABOTA National Office with any questions regarding the programs or procedures for application and approval.
