

What Businesses Leaders Say About Florida's Business Climate

"As a growing and innovative communications technology systems integrator, opening operations in Florida made sense for Capstone. The business friendly environment, the talent of the people and the growing base of businesses to work with made it a logical location for our continued expansion in the USA."

Fergus Kelly, CEO of Capstone

"Osprey Biotechnics is happy to call Florida home. We are fortunate to have all the necessary elements to continue to grow our business in a place we lovingly call paradise."

Lauren Danielson, CEO & President, Osprey Biotechnics

"Florida affords a favourable business environment for business growth, a large pool of college graduates and a robust infrastructure for technology-enabled businesses,"

Kevin Maughan, CEO of UrbanVolt

"Florida's economy continues to expand and diversify thanks to our state's low taxes and common sense regulation.... Business leaders find everything they need to exceed expectations in the Sunshine State."

Joe York, Vice Chairman, Enterprise Florida
President, AT&T Florida, Puerto Rico, U.S. Virgin Islands

"Florida is a great place to do business from every perspective: a strong pro-business environment, a skilled workforce and an important mix of industrial capabilities to run a global operation."

Marco Tulio Pellegrini, President & CEO, Embraer Executive Jets

"We feel that Florida provides a phenomenal platform for the Timbers Resorts brand and is a natural setting to launch new creative experiential vacation offerings. Moving our headquarters out of the Aspen area was a difficult decision, but we feel that Winter Park has a very similar spirit that our brand and employees will fit well within."

Greg Spencer, CEO of Timbers Resorts Greg Spencer

"We find the weather and the community very hospitable, taxes less painful and the sunsets magical. My only regret is that we didn't move to Florida many years earlier."

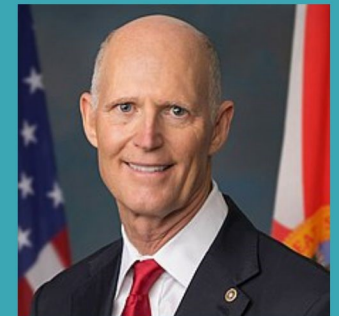

Rahul Shukla, CEO of S.S.White Technologies

Florida's Economic Engine is Roaring!

"We are uniquely placed here in Florida. We have great business environment, low taxes environment, low regulation. ... We hope Amazon and other companies come. Big or small."

Jamal Sowell, president and CEO, Enterprise Florida
Testimony, Florida Senate Commerce and Tourism Committee
February 19, 2019

"Florida's economy is booming and has become the 17th largest economy in the world. Since December 2010, Florida's private sector has created nearly 1.6 million jobs, with more than 88,000 new businesses opening in the past seven years. We've paid down more than \$10 billion in state debt, and Florida serves as a model for the nation's economy."

The Honorable Rick Scott
Governor of Florida, 2011 - 2019
