LAWYERS TACKLE 'JUSTICE IN DEED' PROJECT

Iowa Association for Justice members volunteered their time Aug. 13 with Greater Des Moines Habitat for Humanity. Two teams of trial lawyers from across the state performed finish work on two Des Moines homes. The work included painting, hanging doors, building a retaining wall, attending to the trim and installing cabinetry. The daylong service project was part of the association's Justice In Deed initiative, which links trial lawyers with community service organizations to assist families who are struggling because of the economy.
