What are committees and sections?

Committees offer members the ability to play a role in providing professional development and networking opportunities, charitable/community outreach, public service and education, and support for members of the bar.

Sections are designed for attorneys in particular areas or types of practice to network with one another and receive professional development. They meet regularly, sponsor events and CLE, and share updates relevant to their area of practice.

The Knoxville **Barristers** are attorney members of the KBA who are under 36 years of age or have been practicing law less than five years. They have a diverse list of member service and public service opportunities.
