

As the world adapts to the devastating impact of COVID-19 and with so many clients losing their jobs and facing dire economic uncertainty, ethical risk-free legal funding services have become essential for the life of a case and a successful outcome.

That is why we at Rockpoint Legal Funding are dedicating resources to accommodate the increase in client-funding requests for living expenses. Our service may be the only lifeline many of these plaintiffs have to rely on.

What to know:

- Most approvals within 24 hours or less
- All funding is non-recourse and therefore risk-free to plaintiffs
- No compound interest charges
- No hidden or administrative fees *of any kind*, EVER
- Funds can be sent via a bank wire, Western Union, Fedex or USPS
- We are California's most trusted funding company and the *only* funding company endorsed by CAOC (Consumer Attorneys of California).

It is important, during these times of economic uncertainty, to ensure your clients are using a service YOU can trust. We would love to hear from you on what you are doing to make sure your clients are not falling victims of predatory practices from direct-to-consumer cash advancing companies.
