

Join the Legal Cloud®

CloudLex® is the innovator of the Legal Cloud®, a revolutionary cloud-based legal platform designed exclusively for plaintiff personal injury law firms. CloudLex® enables attorneys to build, manage, and grow their legal practice through its comprehensive suite of visionary applications.

The Legal Cloud® is mobile and can be fully integrated with many of your favorite productivity apps. Not to mention, it's hosted on a HIPAA compliant server run by industry giant Microsoft, so any potential issues are fixed before they become problems. With thousands of users spanning across 35+ states, CloudLex® is the next big thing trial lawyers across the country are raving about.

Versatile & Intuitive

CloudLex® comes loaded with a full-suite of applications designed for today's law firms, serving today's plaintiffs. Our comprehensive suite of innovative applications to Build, Manage and Grow your practice, allows law firms to operate, manage, communicate and collaborate—anytime, anywhere, on any screen.

Pay As You Grow

With CloudLex® there is zero upfront cash investment. When coupled with our unique “pay as you grow pricing,” you will save at least 30% yearly on technology costs.

No matter the size of your law firm, you get access to CloudLex's full-suite of innovative applications that can be scaled up or down depending on your firm's needs. Its easy-to-use interface and 24/7 accessibility make it the ultimate in firm-wide collaboration, and its infrastructure-light setup makes it the most cost-effective way to expand your practice.

We Understand You Because We Are One of You

CloudLex® understands the needs of personal injury attorneys. Our industry professionals have significant experience mapping and managing the litigation process.

Our expert engineers have worked with prominent PI firms throughout the design process to make sure CloudLex® meets the demands of the industry's best firms and most seasoned attorneys.

“CloudLex has brought our firm into the 21st Century! I am able to run my practice from anywhere. My staff finds CloudLex easy to use and intuitive, while the customer service and support are second to none. Above all else, CloudLex has become a trusted partner in managing, securing and growing my practice.”
