

Members,

The rapidly evolving situation regarding COVID-19 changes minute by minute. The health and safety of our staff and members is of the utmost importance. Therefore, effective immediately:

- All MAJ meetings and seminars will be offered via remote access. Information on remote participation will be emailed to you or posted on the MAJ's website: <http://www.mnaj.org>.
- The Medical Malpractice seminar will be postponed.
- We are evaluating the provision of our litigation support products & services (case evaluations and mock trials) on a case by case basis.

We have made this decision to comply with guidance from the Centers for Disease Control (CDC) to increase "social distancing" to slow the spread of COVID-19. Everyone is reminded to follow the health and safety guidelines recommended by the CDC. Information on COVID-19, steps to prevent illness, and answers to common questions are available at <https://www.cdc.gov/coronavirus/2019-ncov/>.

Remote-only participation for meetings and CLE's is currently planned through April 30th, 2020 but we will continue to evaluate this timeline as more information about the spread of the virus is available. Currently, the MAJ physical office will remain open and keep regular business hours, however that may change if/when we receive official guidance from State or Federal officials. MAJ staff are available via phone or email if you have specific questions related to our upcoming seminars.

We apologize for any inconvenience this may cause. We take these steps out of an abundance of caution. We appreciate the support, dedication and understanding of our staff, members, vendors and sponsors.

Sincerely,

MAJ Staff, Officers and Board of Governors
