HOSTING A HYBRID

What happens when an online meeting meets an in-person meeting? The hybrid meeting is born. How do you ensure a great experience for both audiences? [Join us](#) for some great ideas on how to pull off a successful hybrid event.

Our goal is to craft the agenda with exactly what you need to know. Please tell us what that is: <https://forms.gle/xn8FAt1EFP7oeFaU9>

Special thanks to [ViewStub](#) for sponsoring this webinar, or in other words, the reason it's free. Nice, huh? ViewStub is your turn-key software platform for any type or size of event. They are built for hosting online events with an all-encompassing solution for event ticketing, video streaming and marketing.

PRESENTERS

SPENCER ELLIOTT

Co-Founder and CEO at ViewStub

Spencer co-founded ViewStub in 2019, after graduating from the University of Central Florida and the University of Florida. He has helped multiple organizations of all different sizes grow.

ViewStub is a turn-key software platform for any type or size of event. Attendees join in-person, watch live and stream replays conveniently, from any location.

ADRIAN AMOS HONDERICK, CAE

Director of Marketing & Communications
Florida Society of Association Executives

Having an integral role in FSAE's Annual Conferences with scripting and onsite production, Adrian led the organization in transitioning to virtual meetings when COVID hit, and currently as they offer hybrid options.

VALERIE O'BRIEN

Executive Director
Virginia Trial Lawyers association

Valerie has been with VTLA for over 25 years, becoming Executive Director in 2016. She previously served as VTLA's chief operating officer. VTLA transitioned successfully to virtual during the pandemic and recently has been hosting hybrid meetings. She currently serves as Treasurer on the NATLE Executive Committee.
