

HON. ALFRED J. GRIFFITH:

BE IT RESOLVED by the lawyers of Nashville in meeting assembled February 25th, 1938, that we here record our high appreciation of the life and services of our brother, Hon. Alfred J. Griffith, who finished his course October 5th, 1937. Born and in Nashville, Tennessee, he was educated in her schools, and was graduated from Vanderbilt Law School in 1905. For over thirty years he was a practicing attorney here. He was well versed in the law, and a thorough believer in the gospel. In his contacts with people and clients he was ever guided by a godly sense of honor and duty, inherent from birth, and carefully cultivated as he grew older.

His wide reading, genial character and deep interest in economic and political matters made him a host of friends; and brought him well deserved private joys and public honors.

His high ability brought him the position of Counselor for the Trades and Labor Unions of Nashville; and these he served most faithfully.

He served as Assistant District Attorney General for Davidson County; and at the time of his death he was an honored representative from Davidson County in the House of our State's General Assembly. His body was laid away with many tributes to his worth by his brother legislators, the Governor of our State, and a host of friends.

We are glad he lived; glad that he was a Christian gentleman and an honorable lawyer. We hope to meet him in that heavenly land where peace shall reign forevermore. We direct that a copy of this our expression be delivered by appropriate committee to his sisters and brothers, and be presented to the Courts where he practiced.

Respectfully submitted,

Noah W. Cooper,  
Richard S. West,  
F. E. Bowers,  
COMMITTEE.
