

YOUR FIND A MEDIATOR PROFILE

Add your profile to the NashvilleBar.org/FindAMediator listings—it's easy!

The NashvilleBar.org/FindAMediator service benefits mediators by highlighting your qualifications, and is helpful to both attorneys and the general public in finding a mediator. Fees for a personalized listing are \$200/year for NBA members and \$350/year for non-members. Non-attorney mediators may participate if they have been approved as a Supreme Court Rule 31 mediator.

As a mediator or arbitrator, you can use your personalized profile to showcase your expertise and personal brand. Profiles help establish the trust necessary for a successful mediation before the mediation process starts. Potential clients can learn what you expect of all parties involved and of any special procedures. Your mediator profile will be searchable based on qualifications—Rule 31 Civil and/or Family, Arbitration, or Federal Court—subject area experience, and last name. The layout includes your headshot, contact information, and any qualifications provided in the form below.

If you would like to promote your business within our Find a Mediator search, please complete the form below. Once completed, your profile will go live as soon as payment has been processed.
