

NASHVILLE BAR | JOURNAL

CONTRIBUTOR & ARTICLE OF THE YEAR AWARDS

Beginning in 2004, the *Nashville Bar Journal* Editorial Committee presents two categories of awards—Contributor of the Year and Article of the Year. These awards aim to recognize our outstanding committee members and authors who continually make the *Nashville Bar Journal* a source of pride for our bar association.

The **Article of the Year** award recognizes excellence in research and writing and is presented annually to the author (must be NBA member) of a substantive article published in the *Nashville Bar Journal* during the current year while exhibiting originality, relevance to the local legal community, and timeliness.

The **Contributor of the Year** award honors the *Nashville Bar Journal* Editorial Committee member(s) who displayed the highest level of continuous dedication to the success of the *Nashville Bar Journal* during the current year. This award is not necessarily presented every year, but only when a deserving individual is to be recognized.
