### Legislative Proposal Submission Form – 2020 Legislative Session

NATA is always interested in receiving legislative proposals that will help the rights of your clients, provide efficiencies for your practice and ensure that the civil justice system is working as it should.

General Criteria:

In determining what legislative proposals to sponsor, NATA looks at a variety of factors, including:

- The proposal's impact on consumer or worker legal rights
- Whether or not the proposal will assist our members' practices
- How well the issue defines NATA
- The likelihood of success
- Whether or not the issue gives us educational and outreach opportunities with legislators, the press, the public, and our coalition partners.

Please complete this information to send us your ideas and join in the discussion. Proposals sent without full information may not be considered. Proposals should be sent to the NATA office by October 30, 2019 so that they can be available to the NATA Legislative Committee at its pre-session planning meeting in November.
