

COME VISIT THE OAS GROUP

BOOTHS 610, 612 & 614

Occupational Assessment Services is an industry-leading legal consulting firm in New Jersey and is proud to announce our sister companies:

OAS - (Booth 610) - OAS has been assisting attorneys in the New Jersey area in documenting damages in Personal Injury Cases by providing Life Care Plans & Employability Evaluations. We have served as experts in the following cases: Escobar (\$166 million verdict), Verni (\$135 million verdict) & Periera (\$25 million verdict, \$18.5 million settlement). Come by our booth to find out how our certified rehabilitation experts can help you.

Medical Billing Analysts - (Booth 614)- MBA's certified coders and billers perform specialized healthcare claims review and audit services to justify the reasonableness of medical charges in personal injury cases. Our experts can assist plaintiff and defense attorneys in quantifying monetary losses as part of the special damages of a case. We also provide future cost projection. Our Code and Cost evaluations are a very useful tool for setting reserves and can be a key component for settlement negotiations.

Legal Nurse Consulting Network - (Booth 614) LNCN provides Experienced Legal Nurse Consultants to assist the attorney in performing medical record summary, medical chronology, and case analysis for malpractice. Nurse Experts are experienced in all areas such as, OB/GYN, Medical/Surgical, and Orthopedics. The experts can assist the attorney in deposition preparation, as well as serve as experts in Nursing and Nursing home malpractice cases. LNCN also provides medical record retrieval and medical record review by physicians.

Video Evidence Recorder App - VER is a unique, cost effective, secure method to have your injured client document, via photos and video, the daily effects of their injuries. At time of mediation or trial, VER can be sequenced to serve as a "day in the life" slide show. The software also serves as a case management program, notifying the attorney as to the client's progress.
