Martin H. Abo, CPA/ABV/CVA/CFF

Martin H. Abo, CPA/ABV/CVA/CFF is Managing Member of **Abo and Company, LLC** – Certified Public Accountants. He is co-managing member of **Abo Cipolla Financial Forensics, LLC**, an affiliate of the core accounting firm exclusively providing expert witness testimony on financial matters and other litigation support services as well as business valuations.

Marty has comprehensive experience in individual and corporate financial, business and tax planning. His previous experience includes several years with the tax department and audit staff of a Big Four CPA firm as well as regional firms before he founded the present enterprise. Marty has developed a specific expertise in performing dispute resolution and other consulting services. Clients, as well as the banking, insurance, judicial and legal community, increasingly call upon him to provide technical assistance, arbitration or expert testimony on financial accounting matters, business valuations, structuring buy-ins and buy-outs, divorce, estate controversies, insurance claims and other forensic/investigative analysis covering a wide range of topics and industries. He has operated in a supportive capacity to attorneys, judges, adjusters and clients in providing ongoing facilitation in the negotiation and/or litigation process. Marty assists attorneys to strengthen cases by clarifying language & economic concepts, preparing useful exhibits & reports, & testifying as an expert witness.

A graduate of Syracuse University, Marty is an active member and chaired for several years the Litigation Support & Forensic Accounting Interest Group of the New Jersey Society of CPAs. Marty holds the professional designation of Certified Valuation Analyst from the National Association of Certified Valuators and Analysts and has been awarded the designation of ABV, Accredited in Business Valuation, and CFF, Certified in Financial Forensics, by the American Institute of CPAs.

Marty volunteers his time and expertise to many other business and professional organizations: he had previously served as a director of a local bank and, 14 times, had been one of 150 participants selected by the S.E.C. from CPAs, lawyers, bankers, venture capitalists and economic development experts, from across the nation for its annual conference on issues of Small Business Capital Formation. He was selected a NJ delegate to the White House Conference on Small Business under two U.S. Presidents while the Small Business Administration had named him "**Accountant Advocate of the Year**". He serves as a Director of Deborah Hospital Foundation; serves as a Director of the Society of Financial Service Professionals-South Jersey Chapter; is an active member and served as President of the Estate and Financial Planning Council of Southern New Jersey; is an active member and served as a Director of the Chamber of Commerce of Southern New Jersey; he serves on the Matrimonial Accounting Interest Group of the NJSCPA; and had served as a special advisor to the New Jersey Small Business Development Centers. Marty is a director and treasurer of Exit Planning Exchange-Philadelphia (XPX), whose members include estate planning attorneys, CPAs, investment bankers, wealth management advisors, commercial lenders, executive coaches, M&A attorneys, marketing and mgt consultants as well as former business owners who now advise fellow business owners on exit planning.

REVIEW ITEMS TO CONSIDER FOR BUY-SELL AGREEMENT

CLIENT: _____

DATE PREPARED: _____

ATTORNEY: _____

PREPARED BY: _____

The following checklist should allow us, as CPAs, to assist our business owner clients and their attorneys in addressing fundamental issues relating to the continuity of their venture and an orderly transition of ownership. It should hopefully identify key areas of substantive business, tax and estate planning for all such closely held businesses. Our ideal approach would be to complete the checklist with the client and then review it at a follow-up meeting with the client and their attorney. Clients and counsel are also recommended to utilize the two other ABO AND COMPANY, LLC questionnaires we make available: *“Financial and Estate Planner - Inventory of Personal Assets”* and our *“Annual Fiscal Checkup”*. The effectiveness of these three checklists/documents results in their playing key roles in our personal planning for business clients.

	<u>YES</u>	<u>NO</u>	<u>N/A</u>
1. Does agreement identify entity, all current owners, trustee(s), escrow agent(s), and insurance policies?			
2. Is the agreement binding on all new shareholders/partners throughout the life of the entity?	___	___	___
3. Is there a statement that the agreement supersedes all other agreements to redeem or purchase an ownership interest?	___	___	___
4. Does the agreement consider all other parties who might have an option to purchase stock or an interest in the entity?	___	___	___
5. Does the agreement include a statement binding future owners to accept the terms and conditions of the agreement?	___	___	___
6. Is the admission of new shareholders/partners subject to a unanimous, majority or supermajority vote?	___	___	___
7. Does the agreement set forth the requirements for ownership such as professional qualifications, membership in certain organizations, having a certain amount of client/customer billings, capital to invest, etc.?	___	___	___
8. Should the agreement address the amount and timing of salary payments?	___	___	___
9. Does the agreement identify the method of accounting and the accounting periods for determining profits, losses, cash flow, capital contributions, distributions, loans made to the business, loan repayments, etc.?	___	___	___
10. Does the agreement avoid the use of vague, incomplete and inappropriate accounting policies and definitions?	___	___	___
11. If the agreement identifies an agreed upon value, is it clear how and when such value is to be determined (ensure accounting policies and definitions are clear and understandable)?	___	___	___
12. Does the agreement provide alternative valuation methods where the stated or agreed upon value has not been reviewed or changed for a pre-determined period of time (i.e. consider closing books, unusual variations on interim basis, adjustments typically deferred until year end such as inventory write downs, profit sharing accruals, bonus computations, accounts receivable write offs, etc.)?	___	___	___

	<u>YES</u>	<u>NO</u>	<u>N/A</u>
13. Does the agreement address a method to break a stalemate if the owners cannot agree on the value to use in establishing or updating the agreement?	_____	_____	_____
14. If the agreed upon value is directly or indirectly tied to life insurance, does this same value apply to triggering events other than death such as disability, retirement, bankruptcy, etc.(need to consider adequacy of funding)?	_____	_____	_____
15. Are there different valuation methods/standards identified for different purposes (i.e. death, disability, normal retirement, early retirement, voluntary termination of employment, involuntary termination of employment, loss of license, bankruptcy, other circumstances, etc.)?	_____	_____	_____
16. If an appraisal method is to be utilized, does the agreement specify the qualifications required of the person chosen as appraiser?	_____	_____	_____
17. Is the method of selecting an appraiser adequately explained in the agreement (i.e. mutual consent of parties, each party selects an appraiser and they then select a third appraiser, averaging two appraisals, etc.)?	_____	_____	_____
18. Does the agreement state who pays for the cost of the appraisal(s)?	_____	_____	_____
19. Does the agreement properly address how key man life insurance is to be <u>valued</u> when death occurs (i.e. should the estate of the deceased shareholder/partner be entitled to a pro-rata share of the life insurance proceeds or should such proceeds, intended to fund the buyout, be excluded in the valuation)?	_____	_____	_____
20. Is it preferred to state in the agreement specific formulas or guidance on constructing a realistic liquidation balance sheet based on net realizable values? Such might address:			
-investment assets at realizable value after estimated broker commissions or other costs of disposition	_____	_____	_____
-goodwill at a predetermined formula	_____	_____	_____
-valuation of inventory (LIFO treatment)	_____	_____	_____
-life insurance at cash value or face amount	_____	_____	_____
-accounts receivable (perhaps at face multiplied by a ratio of receipts to billings for past 6 months or discounting based on aging or specific write off policies, etc.)	_____	_____	_____
-unbilled/uncollected cash disbursements on behalf of clients at realizable value	_____	_____	_____
-unbilled work-in-process, net of reserves for uncollectability	_____	_____	_____
-recoverable costs at realizable value after deducting conversion costs	_____	_____	_____
-include the present value of the unamortized cost of leasehold improvements if they can be recovered by subletting the improved space at a premium (similar for prepaid expenses or organizational costs)	_____	_____	_____
-unapplied client retainers or deposits	_____	_____	_____
-identifiable intangibles (patents, copyrights, licensing agreements, royalty agreements, etc which may require special appraisals)	_____	_____	_____
-fixed assets at resale value, as a specific percentage of original cost or by professional appraisal (who bears cost)	_____	_____	_____
-supplies inventory or small tools typically not carried on books as an asset	_____	_____	_____
-present value of any bank debt obligations	_____	_____	_____
-normal trade and other accounts payables	_____	_____	_____
-present value of any equipment or space lease obligations	_____	_____	_____
-present value of guaranteed payments to retired shareholders/partners	_____	_____	_____
-accrued liabilities for estimated severance payments to existing employees	_____	_____	_____
-accrued liabilities for estimated costs of winding down if actually liquidating the business such as file storage, accounting fees, etc.	_____	_____	_____

Martin H. Abo, CPA/ABV/CVA/CFF

Martin H. Abo, CPA/ABV/CVA/CFF is Managing Member of **Abo and Company, LLC** – Certified Public Accountants. He is co-managing member of **Abo Cipolla Financial Forensics, LLC**, an affiliate of the core accounting firm exclusively providing expert witness testimony on financial matters and other litigation support services as well as business valuations.

Marty has comprehensive experience in individual and corporate financial, business and tax planning. His previous experience includes several years with the tax department and audit staff of a Big Four CPA firm as well as regional firms before he founded the present enterprise. Marty has developed a specific expertise in performing dispute resolution and other consulting services. Clients, as well as the banking, insurance, judicial and legal community, increasingly call upon him to provide technical assistance, arbitration or expert testimony on financial accounting matters, business valuations, structuring buy-ins and buy-outs, divorce, estate controversies, insurance claims and other forensic/investigative analysis covering a wide range of topics and industries. He has operated in a supportive capacity to attorneys, judges, adjusters and clients in providing ongoing facilitation in the negotiation and/or litigation process. Marty assists attorneys to strengthen cases by clarifying language & economic concepts, preparing useful exhibits & reports, & testifying as an expert witness.

A graduate of Syracuse University, Marty is an active member and chaired for several years the Litigation Support & Forensic Accounting Interest Group of the New Jersey Society of CPAs. Marty holds the professional designation of Certified Valuation Analyst from the National Association of Certified Valuators and Analysts and has been awarded the designation of ABV, Accredited in Business Valuation, and CFF, Certified in Financial Forensics, by the American Institute of CPAs.

Marty volunteers his time and expertise to many other business and professional organizations: he had previously served as a director of a local bank and, 14 times, had been one of 150 participants selected by the S.E.C. from CPAs, lawyers, bankers, venture capitalists and economic development experts, from across the nation for its annual conference on issues of Small Business Capital Formation. He was selected a NJ delegate to the White House Conference on Small Business under two U.S. Presidents while the Small Business Administration had named him "**Accountant Advocate of the Year**". He serves as a Director of Deborah Hospital Foundation; serves as a Director of the Society of Financial Service Professionals-South Jersey Chapter; is an active member and served as President of the Estate and Financial Planning Council of Southern New Jersey; is an active member and served as a Director of the Chamber of Commerce of Southern New Jersey; he serves on the Matrimonial Accounting Interest Group of the NJSCPA; and had served as a special advisor to the New Jersey Small Business Development Centers. Marty is a director and treasurer of Exit Planning Exchange-Philadelphia (XPX), whose members include estate planning attorneys, CPAs, investment bankers, wealth management advisors, commercial lenders, executive coaches, M&A attorneys, marketing and mgt consultants as well as former business owners who now advise fellow business owners on exit planning.
