

Legal Ethics Hotline Disclaimer

Thank you for your interest in the San Diego County Bar Association's Legal Ethics Hotline. This Hotline is a service for the Bar Association's members only, and you will be asked to confirm your status as a member. Calls from those who are not members will not be accepted.

The Hotline is staffed by volunteer attorneys of the SDCBA's Legal Ethics Committee on a monthly basis. Please note that while the volunteer attorney might direct you to some legal authorities and otherwise discuss your issue with you, nothing he/she says is to be understood as legal advice or legal opinion. You must perform independent research and analysis and/or consult with a private attorney for legal ethics advice. No attorney-client relationship is formed as a result of your communication with the Ethics Hotline.

Calls to the Hotline are neither privileged nor confidential. The topics of the calls are documented and reviewed monthly by the SDCBA Legal Ethics Committee without disclosure of the identity of the attorney who calls in or the parties involved. Please pose your issue in the form of a hypothetical.

Please leave your name and phone number, and the on-duty attorney will contact you within a few hours.

Thank you.
