

Texas AGD 2019 MasterTrack®

About the Texas Academy of General Dentistry

Our mission is to help general dentists succeed. It is the only association in Texas that exclusively represents the needs and interests of general dentists who are the primary care providers for patients of all ages and are responsible for the diagnosis, treatment, management, and overall coordination of services related to patients' oral health needs. Its nearly 2,700 members are dedicated to continuing dental education and providing quality dental care in general practice. For more information about the Texas AGD, visit www.TAGD.org.

About the MasterTrack program

The MasterTrack program provides general dentists an opportunity to obtain their Mastership award in the AGD. Mastership reflects a general dentist's ongoing commitment to providing quality patient care through continuing education. Each session brings together 40 -45 general dentists from around the state. Participants of our program are service oriented and business savvy decision makers with a dedication to excellence. Session I meets during our annual New Dentist Conference and Session II meets during our annual Lone Star Dental Conference. These events have a total attendance of 150 +.
