

LIFELONG LEARNING & SERVICE REQUIREMENTS

You must complete the following requirements to earn your LLSR Recognition:

- Current AGD membership in good standing.
- A Mastership Award.
- A course of study in 17 dental disciplines, totaling more than 1,600 hours of continuing education.
- 100 service points in any combination of dental-related community/volunteer service and/or service to organized dentistry (only those services performed since the date Mastership was received or since a previous LLSR was received are eligible).

To view the simple graphic outlining the steps to obtain your Mastership, click [here](#).

NOTE: *The LLSR is not a credential and in no way may be represented to the public as such. An AGD Master may receive the LLSR multiple times, in a sequential manner, as long as all requirements are met. Once an AGD Master is first recognized by this achievement, subsequent recognitions may only include those credits and points earned since the date of the previous LLSR recognition.*
