

A special THANK YOU TTLA's Partners

Diamond Partners

Jake Duvall / 866.68.FORGE / c 706.248.4671 / jduvall@forgeconsulting.com

More than ever before Forge and our almost 60 employees are equipped to assist your clients in planning for their settlement recovery. In addition to our structured settlement and annuity practice for creating insured income, our wealth management firm Advocacy Wealth specializes in producing predictable monthly income. Finally, our Trust Company Advocacy Trust should be considered for any trust or fiduciary need. Our companies contain the experts that plaintiffs will need to help them maximize their recovery.

INJURY FINANCE

HEALTHCARE FUNDING EXPERTS

Chris Davis/ 303.300.9770 / c.davis@injuryfinance.com

Offering uninsured & underinsured personal injury victims access to high quality medical treatment.

For your clients: No fees, interest, or out of pocket expenses. Access to our outstanding and extensive network of physicians and specialists. A dedicated Case Manager to facilitate all medical appointments, avoiding gaps in treatment.

For you: No risk, or fees. Free access to your clients' medical records through our secure, online portal, saving you valuable time to focus on important legal matters.

Preferred Capital Funding

CASH ADVANCES TO PLAINTIFFS

Why is PCF the only call TTLA members should make when their client's need a lawsuit funding:

1. PCF is the largest sponsor of the TTLA and is also the largest sponsor of the Trial Lawyers Associations in over 25 states it does business in.
2. PCF has an A+ rating with the Better Business Bureau and has successfully helped over 100,000 plaintiffs get lawsuit fundings over the last 20 years.
3. PCF's Regional Marketing Representatives are Alli Moreland, who was born and raised in Tennessee, and Lindsay Holloman. PCF's President Brian Garelli is a lifelong trial attorney.
4. PCF entered Tennessee when your state capped rates on lawsuit fundings at a time when all other companies fled this state due to the rate caps.

Please feel free to call us anytime at 800-774-7106 and we look forward to serving your clients.

INJURY CARE SOLUTIONS

Christian Costlow / 385.499.1101/ ccostlow@injurycaresolutions.com

Let's say your client needs medical attention for their injury, but they cannot afford it. Injury Care Solutions provides access to hassle-free medical care for your client using our large network of medical providers. We provide medical funding for your client with no hidden fees so you can focus on your client's case. We provide a clean and clear exchange of bills, records, and other documentation for your client's care to help you win the case!

OASIS FINANCIAL-KEY HEALTH

Kevin Wolf / 615.438.8649 / kwolf@keyhealth.net

Colin Lawler / 847.521.4303 / clawler@oasisfinancial.com

Oasis Financial and Key Health have recently merged offering a suite of services focused on helping accident victims recover both physically and financially.

Oasis Financial is the largest and most recognized national brand in consumer legal funding, providing non-recourse consumer legal funding to individuals involved in personal injury litigation, primarily due to auto and work-related accidents.

Key Health is the national leader in providing personal injury medical lien funding for personal injury patients and medical providers. These providers offer services to injured victims on a lien or letter of protection basis as part of a personal injury claim.

Together we offer products geared for both the attorney and plaintiff.

PORTAGE FUNDING

Frank Lorge or Melissa Zimmerman / 918.919.0648 / frank@portagefunding.com or melissa@portagefunding.com

Portage Funding has been providing fast, professional and courteous service to TTLA member attorneys continuously since 2008.

- Our entire team is comprised of attorneys who answer the phone when you call, prepared to immediately evaluate every referral.
- 100% of our business is referred to us by personal injury attorneys.
- We understand the vulnerability of injured clients, and do not market to injury victims or upsell clients referred to us.
- When determining the appropriate amount for an advance, our focus is on the true needs of clients.
- We work with referring attorneys to minimize each advance, therefore avoiding problems at settlement.
- No forms or case documents to submit - we get all the information we need during one quick phone call with your firm.

Attorneys keep us on speed dial because we provide the most comprehensive service and take the least amount of their time. Find out why we are attorneys' first choice for clients in need:

STRATEGIC CAPITAL CORPORATION

David Meyerowitz / 416.849.3484 / david.meyerowitz@StrategicCapital.com
Sheila Thomsen / 404.977.7381 / sheila.thomsen@StrategicCapital.com

Strategic Capital helps people deal with unexpected changes in their lives. We provide post settlement options that balance clients' need for cash now with financial security in the future. Lives change and needs change. Our aim is to leave annuitants in a better position after our transaction than before.

VANNOCKER LEGAL NURSE CONSULTANTS LLC

Lisa vanNocker / 615.601.0646 / vannockerclnc@gmail.com

My unique medical experience of 25 years in the hospital, home health, nursing home, and surgical setting, qualifies me to assist attorneys in analyzing the medical aspects of their legal case. My team and I have access to current standards of care, authoritative research and qualified expert witnesses, each related to the specific medical case. We save our attorney clients time and valuable financial resources by screening cases before you hire the expensive medical experts. The benefit is knowing which medical experts and witnesses are best suited to your case.

SUMMARY OF QUALIFICATIONS

- 7 years of clinical nursing experience in surgery, touching all specialties
- Combined total of 25 years clinically active nursing experience covering acute care, nursing home and home health
- Cardiothoracic surgery as RN scrub nurse and circulator
- Attended committee meetings, reviewed and updated policies and procedures
- Used electronic medical records (EMR) daily.

WELL STATES HEALTHCARE

Denise Rasmussen / 855.367.9742 / denise.rasmussen@wshcgroup.com

Shanna Zikeli-Gibson / 855.367.9742 / shanna.gibson@wshcgroup.com

Get your clients the treatment they need and the settlement they deserve. *Why getting clients quicker care is good for your firm?* In wrongful injury cases, Well States Healthcare is your best resource for settling cases earlier and getting paid faster.

Because we assist your paralegals and staff—coordinating appointments and medical referrals, and preparing files by gathering and organizing medical records and invoices, and summarizing treatment bills—it frees them up to work on other cases, saving you time and money.

And since we help coordinate your clients' care, we minimize or eliminate gaps in treatment and coverage. We're self-funded and have negotiated with healthcare providers to ensure that they won't have to wait for a settlement to get paid. When they know we've taken care of the money, they can concentrate on taking care of your clients. And you can concentrate on winning settlements.

Clients get better faster. You get paid quicker. It's a win-win for all parties.

Bronze Partners

KT DESIGNS, LLC

NORTHSTAR HEALTHCARE & PHYSICAL THERAPY

Dr. Andy Jain / 731.431.0932 / drjain@northstarpain.net

NorthStar Pain Management and Physical Therapy is a comprehensive medical approach to assist your clients with their personal injury needs. We have over 15 years of experience dealing with personal injury cases. We manage chronic pain patients in addition to treating acute injuries conservatively. Our medical directors are board certified pain management specialists. Practicing under their supervision, we have nurse practitioners and physician assistants on staff to assist in care. They serve as a primary care for all medical evaluations. If the patient is an appropriate candidate for Physical Therapy, our physical therapist will perform an evaluation and implement a treatment plan. Our treatment plans are on par with Medicare standards. In the event a patient's pain plateaus with conservative treatment, we offer interventional procedures such as epidurals, nerve blocks, radiofrequency ablations, and trigger point injections, to name a few. We do not promote the use of narcotics for acute injuries.

Our facility understands that not every case is the same. We know what the patient has been through, therefore we want to make it easy for them to receive treatment. The patient will be seen within 24 business hours. No referral needed. We work with liens and can work with funding companies if needed. We understand that the patient, the attorney, and our facility must work together to get the best outcome.

Our case managers and therapist will work hard to ensure that there are no gaps in treatment. If a patient misses therapy, we will contact the appropriate paralegal immediately. We provide documentation and bills in a timely fashion. If desired, we can request medical records from the hospitals.

The core value of NorthStar Pain Management and Physical Therapy is "People Helping People". We look forward to getting your clients well and better serving your needs. Please visit our website at www.northstarpain.net if you have any questions or want to set up a meet and greet please see the contact information above.
